## Officials Unveil New Plans At Chamber Dinner

by PETER GILL

The Antioch Chamber of Commerce and Industry presented the new plans for the revitalization of the village at a chamber dinner on June 26.

A presentation by Michael Warren, head of the revitalization committee, topped the bill at Harbor Ridge C.C. where local business owners came to see what new things are progressing in Antioch.

Part of Warren's slide show included a comparison of the backside of some Antioch businesses with what has been done with backs of buildings in Homewood. The real estate executive showed that the backs can look just as attractive as the fronts of buildings.

Warren said that the most important step in the newest attempt to revitalize downtown

Antioch is the tax incremental funding district (TIF).

TIF, according to Warren, solves two big problems that the plans have had in the past. There was a lack of funding in the district and constant battles with property owners to give up their land for revitalization.

With TIF, Warren explained, both problems would be solved with one vehicle. Not only would TIF be a vehicle to create funds, but it gives the commission the right of eminent domain over certain properties.

Members of the chamber, the Antioch Village Board and the commission were at the dinner. Warren said that it was important for all three groups to work together on the redevelopment.

## Children Prepare For Pet And Bike Parade

Children from all over the Antioch area will be bringing their pets and their bicycles to William's Park on Saturday, July 6 for the annual News-Reporter Pet and Bicycle Parade.

The parade, which had 45 participants last year, will begin when the children start lining up between 10 and 10:30 a.m. Judging will take place by 11:30 and awards will be given to winners and other participants by noon.

There will be three categories in the pet contest and three in the bike contest. Participants will be in two different categories, one group seven years old and under and the other group between eight and 13 years old.

The three different things that the pets will be judged on will be the most unusual, best groomed and the funniest.

For the bike contest, the three categories are the most patriotic, most unusual and the most humorous.

Trophies will be awarded to winners, but all the participants will get something for entering.

Interested participants can register at the Antioch News-Reporter office on Main St., King's Drugs, Here's The Scoop, Meta's Candies, Antioch State Bank, First National Bank of Antioch or the Parks and Recreation office.

A complete list of the rules is available at the News-Reporter Office.

The event is sponsored by Meta's Candies, Kaydan and Here's The Scoop, besides The Antioch News-Reporter.

Parents are encouraged to come to the event which is open to the general public.

## Antioch Gets Ready For Holiday Festivities

The Village of Antioch will have a busy Fourth of July celebration this year, as usual.

The festivities will start out on the eve of the big summer holiday with a beauty pageant, followed by live entertainment.

On the fourth, a parade will start off the day, followed by a number of activities at William's Park. The celebration will peak with the fire works display, and finish with more live entertainment.

The Miss Antioch Pageant will kick off the festivities at 7 p.m. at the William's Park Pavilion on July 3. The winner of the contest will represent Antioch at the Lake County Fair Queen contest on July 24. Money and

prizes will be given away to the top contestants at the Antioch pageant. Afterwards, Ernie Levas and the EPL Express with the Blues Brothers Act will perform.

The parade will begin at 10 a.m. on the holiday by the high school and finish at William's Park. The festivities then continue at William's Park for the noon water fights. William's Park will be the place to be that afternoon with music, food, games and pony rides for the kids.

After dusk, the Antioch Jaycees will sponsor a fireworks display at the park. Following the sky show, Ernie Levas and his band will once again entertain to cap the holiday events.

#### Cotillion A Success

Members of the Antioch Mental Health Assn. wish to thank the patrons and everyone who donated to and attended the 1985 Cotillion. It was a great success.

The Cotillion was held on April 29 at the Holiday Inn in Gurnee.

The Cotillion itself raised \$8,200. Seventeen thousand dollars was donated to Grove School in Lake Forest, Riverside Foundation in Lincolnshire and Lambs Farm in Libertyville. These are all facilities that help the handicapped child, young adult and adult in their quest for a life of meaning and purpose.

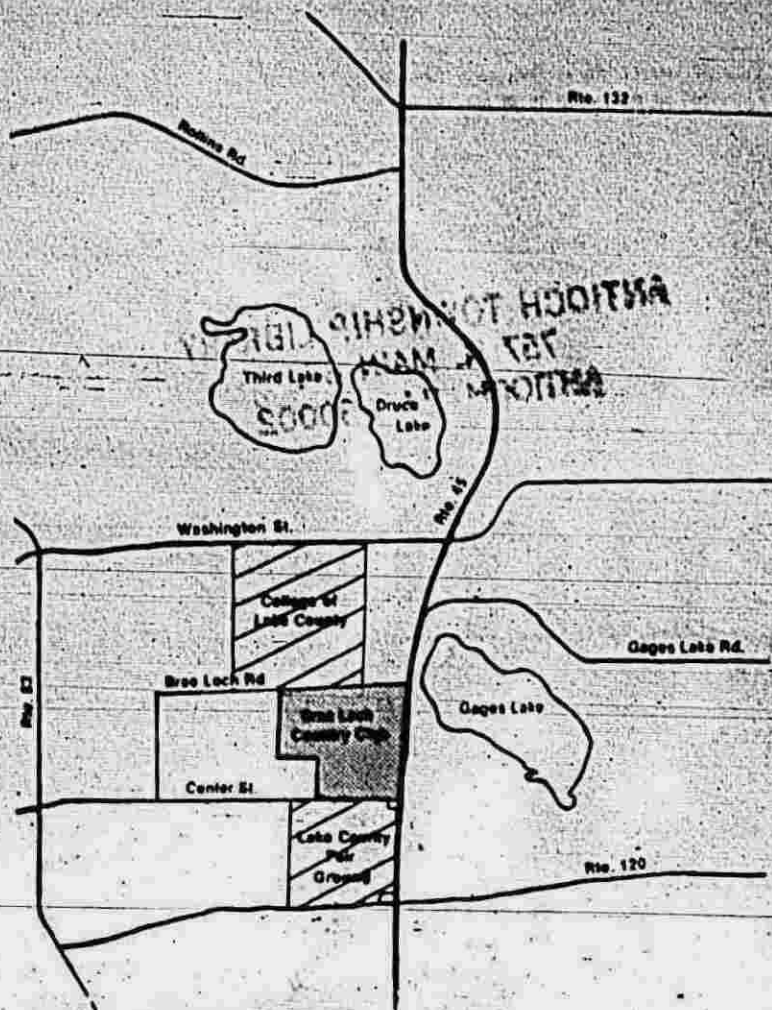

The Antioch Mental Health Assn. also operates the Thrift Shop at 921 Main St. in Antioch.

No date has been set for next year's cotillion.

## College Names Merit Winners

Fifteen Lake County high school graduating seniors have been selected by the College of Lake County Board of Trustees to receive the CLC Merit Scholarship.

The scholarship covers tuition and fees for full time study at CLC during the 1985-86 academic year. In addition, scholarship winners who maintain a grade point average of 3.0 or better will be eligible to have their scholarship renewed for one additional year.

The CLC board established the annual award in February, 1985. The board awards one scholarship to each high school within the CLC district which has a graduating class of at least 100 students. Students from other high schools within the CLC district and students who live within the CLC district but attend out-of-district schools are combined for one additional scholarship.

This year's scholarship winners are: Richard Johnson, Warren Twp. High School; Laura McSwain, Highland Park High School; Paul Wanthal, Grant Twp. High School; Leslie Norkus, Waukegan East High School; Mary Bayer, Waukegan West High School; Vicki Woehle, North Chicago High School; Vicki Peters, Carmel School for Girls; Patrick Monahan, Carmel School for Boys; Colleen Reid, Round Lake High School; Sherry Bird, Grayslake High School; Michael Campbell, Liber-

tyville High School; Robert Rampale, Antioch High School; Axel Sigovia, Mundelein High School; Carol Davison, Zion-Benton High School and Anthony Zera, Wauconda High School.

# Vote Friday Could Be Final One

Another vote—possibly the final one—will be taken by commissioners of the Lake County Forest Preserve Dist. on the purchase of Brae Loch Country Club at a special meeting Friday, June 28.

The Brae Loch purchase was put on the agenda when commissioners approved a parliamentary move 16 to 6 initiated by Commissioner Eleanor Rostron of Zion.

Rostron invoked Rule 4C which permits any member to bring any issue before the entire board with majority approval. Rostron sought approval of the land committee minority report on Brae Loch.

Approval of the Rostron motion is an indicator of the vote on acquisition of the 158 acres mid-county golf layout.

Opposing the motion were commissioners Donna Mae Litwiler of Ingleside, Jim

Fields of Antioch, Robert Depke of Warren Township, Glenn Miller of Long Grove, Deloris Axelrod of Highland Park and Bob Neal of Wadsworth.

Litwiler is on record as saying that she will support purchase of Brae Loch if it comes before the board

through committee channels—which it has.

At a meeting Friday, June 21, President Donald Strenger reiterated his assertion that he will not veto Brae Loch if it comes before the board via the committee route—which it has.

Commissioner Fred Popp of Lake Villa, who opposed Brae Loch at a land committee meeting was absent because he and his wife are on a tour of the Scandinavian countries.

Approval of 13 commissioners is necessary to approve the purchase of Brae Loch.

## Recognize Health Dept.

The Building and Health Committee is announcing awards given by the National Assn. of Counties (NACo). NACo recognizes achievements by County activities which seek to improve the organization, service delivery and management of County Government Awards will be presented to those counties selected as outstanding by NACo.

The Lake County Health Dept. has been recognized for awards of the following services: Health Dept. Hypertension Program—Worksites Project; Hearing and Vision Screening Program; Mental Health Div.'s CMI Task Force; Coordinated Area Treatment Service (CATS); Community Day Treatment (CDT); Mental Health Div.; Improvement in Preventative Health in

Children's Day Care Centers and the Mental Health Div. "Job Club".

# History Museum Plans Showing On July 4

by PETER GILL

The Lakes Region Historical Society will hold an open house on the Fourth of July. The annual event should be improved from last year, because of continuing improvements at the society's museum, according to president Mel Knirsch.

A new sidewalk and curb add to the outside attraction to the building and more room on the inside will allow for more displays, Knirsch said. This year, every room except for the archives will be opened to the public.

The event will begin at 10 a.m. on Independence Day and continue until 2 p.m. Cookies and punch will be served and the museum will be open at no cost to the public.

Knirsch, who is also the president of the

library board, said that the society will have a display at the Antioch Library the same week. The display, especially for America's war veterans, will have war items from the Civil War right up to the Vietnam Conflict.

The display, although the library will be closed on the holiday, will be there until July 5.

The historical society will be meeting on Thursday, June 27 at 7:30 p.m. in the Ernest Brook Community Rm. at the Antioch State Bank. The meetings are usually every fourth Monday, but the society will not meet again until September after the June 27 meeting. The only meetings that will be held will be the possible special executive meetings that are called, Knirsch said.

## Friends, Colleagues Bid Farewell To Polley

The final ceremony for Warren Polley was more than just a funeral. It was an event.

More than 30 school superintendents from all over Lake County showed up at United Methodist Church on June 21 to pay their last respects to the man who was superintendent of Antioch High School for 13 years. He also taught at the school since 1948.

Polley died of cancer on June 18 at Victory

Memorial Hospital in Waukegan. He was 63.

The Antioch Police gave him an escort to Hillside Cemetery where he was laid to rest in a spot overlooking the lake, which his wife Mary said was important to him.

Although no memorial fund has been set up in Polley's name yet, memorial funds should be sent to the Parent Teacher Club Scholarship at Antioch High School.

## Village Gets Sweet Addition

A 'sweet' addition to the Village of Antioch, has come in the shape of various cookies, candy, granola and much more to tempt the most discriminating sweet tooth.

'All Weighs', located at 345 Park Ave., An-

tioc (Behind Barnstables) offers over 170 delectable items ranging from soups and coffee to cake decorations.

"I really couldn't believe we had this much. We (our prices) are so reasonable because we shop so carefully," said part-owner Mille Olson.

Olson and daughter Ingrid, 19, of Hawthorne Woods, are equal partners in the store. Aside from quality products, they strive to please individual customers.

"We're trying to do what people want," said Olson. Special ordering items requested by customers is common for the Olsons.

"We can't be Jewel, we have to be different and yet we have to please the people. We aren't a big chain," said Olson.

They may not be as large as some stores but they are quality and specialized quantity all the way.

"Deliveries are made every week. We don't stock a lot of food. We don't have much competition here," she said.

For the diet conscious, "All Weighs" stocks sugarless nut horns, chocolate filled shells diet candies and more. "We are going big on diet items...no sugar and salt. Trail mix and granola are our biggest items," said Olson.

## Board OK's Permit For New Facility

State Line Dry Wall, a subsidiary of the US Gypsum Co., was granted a building permit for a new facility located south of the state line on Main St.

The Antioch Village Board unanimously passed the authorization of the permit at a meeting on June 17. The company will have a well and septic tank temporarily installed until water and sewer become available.

In other board action, Mayor Toft was authorized to sign an agreement with Lake County for a \$49,567 jobs bill block grant fund. The money will be used in construction for the improvement of Anita Street in Antioch.

## Antioch Teens Unhurt In Major Boat Accident

Two Antioch teens were hit by an inattentive boater while trolling in their smaller craft on Grass Lake in the first major boating accident of the summer season.

The teenagers, driver John Lindgren, 14, and his female companion, Anne Wegl, were not seriously injured but nine people on the other boat were admitted to the hospital after the June 9 accident.

Lori A. Nordeen, 23, of Skokie was ticketed by Lake County Sheriff's deputies after driving her 21-foot craft into the teens' 18-foot boat. If she had not put the boat into reverse at the last minute, Lake County Sheriff's Deputy Jerry Ericksen said, her boat would have went right over the top of the other one, putting the lives of the teens in danger.

Nordeen was ticketed for reckless operations and several safety violations including failing to yield.

There were 12 passengers on Nordeen's boat, some sitting on the bow when the accident occurred. Some of the passengers flew overboard as the boats collided, one smashing through the window of the boat.

There were only six life preservers in the boat. Some of the injuries sustained were gashes and broken bones, Ericksen said.

There will be a fireworks display at Mineola Bay in Fox Lake at dusk on July 4.

Antioch has a two-day celebration coming up starting with the Miss Antioch Pageant at 7 p.m., on Friday, July 3, followed by a dance with music supplied by Ernie Levas and the EPL Express. All this will take place at the Lions Club Pavilion at Williams Park.

On Independence Day a parade will start down Main St. at 10 a.m. There will be waterfights at Williams Park at noon and also music, food and games for everyone. The fireworks, sponsored by the Antioch Jaycees, will also be at dusk followed by more of Levas' music.

Round Lake's fireworks will be synchronized to music starting with DeeJays and their music before dusk. The fireworks will be shot off on Hart Hill-Hartwoods at Hart Rd. and Rte. 134, on July 4.

Parking will be available behind the train station, Ace Hardware and the bank.

In Island Lake, the Lions Club will sponsor a fireworks display next to St. John's Lutheran Church off of Rte. 176.

Mundelein will have the longest celebration of all as Mundelein Community Days starts with a carnival at Seymour and Courtland on July 3 and goes through Sunday, July 7.

On July 4, the First National Bank of Mundelein, will sponsor the annual race at 9 a.m., followed by the Mundelein Munch, from 11 a.m. to dusk and a watermelon-eating contest at 5 p.m., a street dance at 8 p.m., and fireworks at dusk at Kracklauer Park.

The Miss and Little Miss Mundelein Pageant will be featured at 7 p.m., on July 6, after the annual Mundelein Days' bike decorating contest at 1 p.m., followed by a parade at 2 p.m. and a drum and bugle contest at 5:30 p.m.

Great America, which has fir

season, will be having a special display at approximately 9:15 p.m. on July 4, along with the Bugs Parade. Anyone who buys a ticket after 4 p.m. on that day, the Fourth, will get another admission for half price.

Twin Lakes, sour on fireworks since last year when the beach at Lance Park was the scene of an accident involving fireworks in which several people were hurt, will have no fireworks this year.

In western Kenosha County, most of the flashing action will take place in some of the small subdivisions on July 6.

In Camp Lake, there will be a picnic at the Center Lake Community Center and a fireworks display at dusk

sponsored by the Center Lake Property Owners' Assn.

The Cross Lake Improvement Assn. will also hold a picnic and fireworks display on July 6 at its community center.

## Red Geranium Is As Popular As Namesake

by GLORIA DAVIS

The hearty and sparky crimson geranium is as much a part of the American landscape and as indigenous of Americana as Mom and apple pie.

So what better name and theme for a restaurant serving meat and fowl from that American cooking institution, the open hearth grill, than The Red Geranium.

Located on Hwy. 50, just east of Hwy. 12, going into Lake Geneva, the homey atmosphere of The Red Geranium has been drawing crowds since its opening early in May.

'Tis said the four most important ingredients of a successful restaurant are good food, good service, reasonable prices and a pleasant atmosphere. The Red Geranium certainly meets all that criteria and

more so.

It's hard to imagine a pleasanter atmosphere than afforded by the 'Geranium's' four dining rooms, each decorated with geranium wallpaper, no two designs alike.

The coziness and crisp clean look that is the result of the meshing of the red and white of the walls and the warm leaf green of the carpeting and furniture is extremely inviting.

Of course the title flower is much in evidence, planted around the outside, in large pots at the entry way and in many silk bouquets that adorn the inside.

The bar, reminiscent of an English pub, is as friendly as the greeting extended by the smiling hostess that meets you at the door.

Owners Lyle and Audrey Swatek, frequent restaurant diners, have tried to bring all the things they like about

their favorite restaurants to the 'Geranium.'

Besides top grade charcoal broiled steaks, barbecued and deviled chicken, and pork tenderloin turned out by the grill chef, Dan Kretschmer, Mgr. Martha Phelps reports that the fresh salmon, butterfly shrimp and lobster tail from the steamer and broiler are going over well with the customers that line-up in the entrance hall every evening.

Take it from a frequent 'Geranium' diner, the house salad, served in an open chilled plate, topped with homemade dressings and the luscious dessert tray alone are worth a visit.

Intimate quiet dining is also part of the theme with reservations required for a party of six or more. Dinner is served daily from 5 p.m. on on Sunday from 1 p.m.

## Shamrocks Planning Annual Irish Mass

The Shamrock Club of Twin Lakes is happy to announce that the annual Gaelic Mass will be celebrated by Fr. Nolan, from Ireland, at 2 p.m. on Sunday, June 30 on the grounds of St. John's Church, Twin Lakes.

The event will feature the Honor Guard of the Fourth Degree, Knights of Columbus and the color guard from the Shamrock Club of Milwaukee with their bagpipers in performance.

Also included with the day's festivities will be entertainment by the Fitzgerald Sisters, Noreen and Ella, of Naperville. Corned

beef sandwiches and beverages will be available for purchase. Everyone is invited; bring your family and friends.

If possible, bring lawn chairs. In case of rain, the events will take place inside St. John's.

Mark calendars for the Irish Picnic in August, and the Fall Dinner/Dance in September. The Irish Picnic is scheduled to start at noon on Aug. 4 at Ole Fitzgerald's, Twin Lakes. Volunteers to help at the picnic are needed.

The fall dinner/dance will be held on Sept. 7 at the Riviera on Lake Geneva.

For further information, please contact Lois or Don Rutz at (414) 877-9447.

### Airman Marolis

Nicholas Marolis, son of Susan M. Bergh and stepson of Allan G. Bergh, of 1404 Kenmore, Round Lake, has been promoted in the U.S. Air Force to the rank of airman first class. Marolis is a vehicle mechanic at Charleston Air Force Base, S.C., with the 437th Transportation Squadron.

## Knights Set Poker Run To Benefit Easter Seals

The Blue Knights Law Enforcement Motorcycle Club will hold a benefit poker run on Sunday, June 30.

Chapter 12 of the Illinois group will be raising money for the Easter Seal Foundation. The cost is \$7 per person and the ticket includes a poker hand, coffee and donuts at the start and hot dogs and drinks at the finish.

The 70-80 mile ride will start at 11 a.m. on Sunday with check-in time beginning at 9:30 a.m. All riders will make five stops, picking up a playing card along the way. The best poker hand at the end of the day wins a new

1985 Honda Shadow. Second prize is a Sanyo VCR and third prize is a Shoei Z100 helmet.

Participants will know where to drive by reading the clues at each stop. The poem written on the clue card will tell the rider where to go depending on the sign Park.

Painted on the roadway.

Motorcycle dealers from northern Illinois are involved in helping to sponsor the run which will mostly be on back-country roads. The run will begin at North Shore Yamaha-Honda on Rte. 41 and Clavey Rd. in Highland

## Hunter Makes Comeback

by GLORIA DAVIS

The new powers that be at Hunter Country Club in Richmond have taken over near the bottom of what became a downhill slide as far as the condition and operation of the club.

In the 1960's, Hunter was considered to be one of the best golf courses in the northern Illinois, southeastern Wisconsin area.

The clubhouse itself was a mecca for many important local events because of good location, lovely grounds and attractive decor.

Then a series of owners and the lack of investing money into the club's upkeep saw a slipping of the country club's status both as a golf course and a social center.

On Memorial Day weekend, this reporter was one of many who called to set a tee-time for the weekend, only to find that the club had closed at the start of the golf season.

According to new Vice President and General Mgr. Hank Sipowicz, the new owner, investor Bernard A. Heerey, who took over as of May 31, the goal is not only to return the club to its previous pinnacle but to top it.

The golf course reopened on June 5 and efforts are starting at refurbishing the

course. Work has already begun on upgrading the kitchen and the outside of the clubhouse has already seen a new coat of paint.

East side construction on continuing the balcony that surrounds the building is underway. A new heating and air conditioning plant is being installed and plans for

possible parking expansion are in the hopper.

The dining room sports a brand new menu and the Sunday brunch is on again, this time with a brand new, lower price tag.

A lunch and golf package is also being featured on weekdays. Dining at the

clubhouse at noon, allows free golfing as long as a cart is rented.

"If you visit us every week, you'll notice new improvements each time. Of course it will take us time to do all we have planned, but we won't stop until Hunter is up to the highest of standards," said Sipowicz.

## Court Freezes Kelly's Assests

by GLORIA DAVIS

The Chicago law firm of Daniel Pierce, Althemer and Gray was appointed receiver of all properties belonging to Woodruff Kelly, Woodlann Investments and W. S. Kelly and Associates by Lake County Circuit Judge Terrence Brady on June 24.

Brady previously had put a freeze on jewelry valued at more than \$70,000 belonging to Kelly and being kept at Johnson Jewelers in Antioch.

Brady also issued a temporary restraining order on all properties belonging to the two companies owned by

Kelly, and Kelly personally.

According to Guy Chipparoni, spokesman for the Illinois Secretary of State's office, a hearing has been set in Brady's court for Wednesday, July 3. Representatives of the Illinois Secretary of State's office (investigating possible investment fraud), the Illinois Atty. General's office, Lake County State's Atty. Fred Foreman's office and attorneys for Kelly's family are expected to appear at that hearing.

Foreman's office is conducting the investigation of Kelly's disappearance from a boat headed from Kenosha to Waukegan Harbor on June 8, listing him as a missing person. Reports of a seaplane seen in the area at the time of the disappearance have been discounted.

Sec. of State Jim Edgar's office is still analyzing 18 cases of records confiscated from Kelly's Gurnee office.

"That is a long arduous task," said Chipparoni.

Investigators for Edgar's office are looking for indications of where an excess of \$6 million of investor's money went but at press time had found nothing.

Meanwhile, reports of several hundred thousands of dollars more owed to area banks and businesses by Kelly are circulating. All the loans were not overdue, but the fact that Kelly's businesses were one-man concerns has the financial institutions worried about their investments.

"The Lady Ann," Kelly's personal yacht, valued at \$750,000, and other boats belonging to his charter companies have been impounded by financial concerns.

Kelly reportedly owns properties in Wisconsin, Illinois, Florida and the Caribbean.

The suppositions concerning Kelly's whereabouts run the gamut of drowning, fleeing to the Caribbean because of financial difficulties or to escape prosecution for investment fraud.

### Enters Lambert

Kelly Lambert, daughter of Raymond & Juanita Lambert, of Round Lake, has been entered on the Distinguished Scholar's List for high scholastic achievement during the past semester at Rockford College.

She is a junior majoring in accounting, and a 1982 graduate of Carmel High School.

## County Scores Well In Rating

According to statistics released by Secretary of State Jim Edgar, Lake County scored "well" in DUI prosecutions for the years 1981 through 1984.

Lake County State's Attorney Fred L. Foreman had this comment with respect to the statistics: "We are finally seeing the fruits of a consistent and tough prosecution policy of drunk drivers in Lake County. Lake County has experienced a tremendous increase in convictions since the hard line was assumed by Lake County prosecutors."

Lake County experienced a 72 percent increase in convictions during the period 1983 to 1984. In 1981, Fred Foreman and other municipal prosecutors declared war on the drunk drivers. During the period of time from 1981 to 1984, there was a 373 percent increase in convictions for drunk driving. This was the highest increase in the Chicago-metropolitan area compared with a 115 percent increase statewide.

Lake County has also increased its convictions as compared to the percent of

total drunk driving dispositions. Lake County compared favorably with the statewide average of 28 percent.

"We can see from the convictions as a percent of total DUI dispositions that we must concentrate on reducing the number of repeat offenders who receive court supervision for their offenses. We must concentrate on the repeat drunk driver, yet we must deal sternly with the first of-

fender as well," Foreman said.

Foreman also noted new legislation designed to simplify the process for suspending drunk drivers who refuse to take implied consent tests will assist Lake County in increasing the number of suspensions for implied consent.

"The legislature, the police, and the prosecutors have worked closely together to improve the

prosecution of drunk drivers. We must call upon the judiciary to take a hard stand against the repeat offenders and those individuals who continue to drive while drunk. Working together we can make tremendous strides in the prosecution and convictions of the drunk driver. We have made great strides since 1981 in attacking this very important social and criminal justice issue," he concluded.

## Mimi Khin Receive Awards

An Ingleside girl has received several awards for her academic achievement.

Mimi Khin of Ingleside was the recipient of the "Society of Distinguished American High School Students" as well as the "Who's Who Among American High School."

She also was named as an Illinois State Scholar and offered a scholarship to Marquette University.

The honor of being named to the Society of Distinguished American High School Student was given to her by Woodlands Academy of the Sacred Heart in Lake Forest. The faculty selected Khin for her excellence in academic work.

She received the Who's Who society membership by the faculty for her academic and leadership abilities.

Khin was selected as an Illinois State Scholar for her test scores and class ranking at Woodlands Academy, by the Illinois State Scholarship Commission.

## Induct Students

Suzanne M. Keane of Lindenhurst and David E. Buchholz of Mundelein were among the 112 students inducted into the Aristia Honor Society at Augustana College, Rock Island.

Membership is granted to students who attain a grade point average of 3.75 or higher during one of the quarters of the freshman year.

### Utter Enlists

George Nelson Utter, son of Dixie Utter, has enlisted in the U.S. Air Force's Delayed Enlistment Program, according to SSgt. Ev Butler, Air Force recruiter, of Round Lake.

Upon successfully completing the Air Force's six weeks basic military training at Lackland Air Force Base, Tex., he will receive training in the Mechanical Area. He is a 1981 graduate of Grayslake High School.

He will be earning credits toward an associate degree

# Surveys Show Support For Tertiary Hospital

Robert J. Byrne, chairman of the Chicago Medical School Hospital Citizens Committee, and president of the North Chicago Chamber of Commerce, detailed the overwhelming community support for the new specialized care teaching hospital to be located on Green Bay Rd. in North Chicago.

Byrne said, "The results of our surveys are far better than were expected. Market Opinion Research of Detroit, did an analysis during the week of May 17, under the supervision of Dr. John P. McDonald. The study focused on Lake and McHenry Counties, and

touched on Northern Cook County and Kenosha County, Wisconsin. The results showed the people favor the critical care hospital by an over 2-to-1 margin.

"In Lake County, Clausen & Co. did a mailing covering the communities with hospitals and certain other selected communities. The results are astounding—97 percent of the responses were for building the hospital. The actual totals were 4045 to 134. It should be noted that our card survey was conducted totally through the mail to all households of the communities selected, and did not include North Chicago

but did include all the communities with hospitals that expressed opposition (Lake Forest, Highland Park, Libertyville, Waukegan and Zion). To the contrary, the opponents of the hospital had a card survey conducted at meetings of hospital employees where the hospital administrator would speak against the proposed hospital and then hand out cards. This is very definitely not representative of true public opinion.

Byrne said, "I have now spoken before several audiences regarding the question of whether or not Lake County residents will have to continue taking trips

when they are seriously ill. My analysis shows that over 95 percent of all audiences favor the proposed critical care hospital when they learn exactly what services the hospital will provide."

Byrne said, "The opposition continues to attempt to stem the tide of public opinion by cancelling scheduled debates. The most recent debate was scheduled by the College of Lake County at their Waukegan Center, and twice after dates were scheduled, the opponents found reason not to participate."

Byrne added, "It will make no difference. The hospital will be built. It is

sad that the opposition has already cost Lake County residents having an '18 million medical arts complex built. Many members of the business community have expressed great concern because many of the people in the HSA system have no understanding of real economics. The local HSA staff has already seriously jeopardized future growth in Lake County.

Byrne said, "What bothers me more is that the staff of the local HSA doesn't seem to care about the lives of the residents of the area they represent. Our area has one of the highest infant mor-

tality rates in the state and when the Chicago Medical School Hospital is built, this outrageous statistic will be changed."

# BANK of WAUKEGAN's New LEASING Department

If your company is expanding or replacing equipment, consider LEASING. With today's high prices, many astute business people are using LEASING as a viable alternative to outright ownership. We can help!! Let us solve your equipment financing problems.

BANK OF WAUKEGAN President, Charles E. Ofenloch, answers your LEASING questions.

CHARLES E. OFENLOCH

**Are there any financial advantages to LEASING equipment?**

"Yes there are. First of all, you don't need a downpayment since you get the equivalent of 100% financing. Also, you're guaranteed a fixed rental payment for the entire term of the LEASE even if interest rates increase in the future. In addition, those monthly rental payments will usually be less than if you were purchasing the equipment, and that will help improve your cash flow."

**Can LEASING solve the problem of limited working capital?**

"With LEASING, you buy the use of the equipment, not the equipment itself. Thus, your capital can be conserved for other needs."

**Is there a tax advantage to LEASING?**

"If your rental payments are treated as fully tax deductible expenses, you pay for the equipment use out of pre-tax income instead of reducing your profit."

**Can LEASING provide a hedge against obsolescence and inflation?**

"It sure can. With today's rapidly changing technology, equipment you purchase can become obsolete before it's even paid for. LEASING makes it easy to update your equipment and stay competitive. Also, LEASES are paid with future dollars. Since the terms are set, you're insured against a possible decrease in value due to inflation."

**How long is the typical LEASE?**

"There is a good bit of flexibility, but the normal LEASE period is 5 years. The only limits are those imposed by IRS restrictions and the economic life of the equipment."

**What happens at the end of the LEASE period?**

"You can return the equipment with no further obligation; you can continue to LEASE the equipment; you can LEASE newer, updated equipment; or, you can negotiate to purchase the equipment. You make the choice."

For additional information regarding LEASING from the Bank of Waukegan, contact our LEASING specialists, John Crim or Roy Clark, at (312) 244-6000.

# Qualifications Attract Mayor McRae's Backing

Mundelein Mayor, Colin McRae has endorsed Wauconda Village Clerk Venita McConnel in her quest for the Republican nomination for county clerk in next spring's primary contest.

In a statement of Lakeland Newspapers, Mayor McRae asserted, "Venita is an outstanding person. Venita's experience in the business world coupled with her many years of public service make her candidacy good news to citizens in Lake County."

McRae conclude, "Venita is experienced, dedicated, capable and articulate. She hails from southwest Lake County which is an area sorely in need of representation in countywide government. It is an honor to endorse

Venita's candidacy for county clerk. She is a "can-do" lady, who deserves the support of all who value honest, effective government."

McRae has been mayor of Mundelein since 1977. On April 2, Mayor McRae was reelected to his third consecutive term. As mayor, McRae has served on the following boards and committees: Co-chairman of the Solid Waste Commission; President of the Central Lake County Radio Network; Vice-chairman of the County Community; Past President of the Lake County Municipal League and a member of the County Economic Development and Water Quality Commission.

McRae is the second Lake County mayor to endorse Venita McConnel's election.

He joins Wauconda Mayor, Ken McGill in recommending McConnel.

**BILL SEABERG**

# Credo Of W.J. Valid--- Do Right, Ignore Press

by JOHN STEINKE

Recently, I had a pleasant surprise when "Bingo Bill" Murphy telephoned me at home. Bill Murphy was Lake County's legendary state legislator for 18 years. Without question, Murphy is one of the most colorful and flamboyant politicians in the history of Lake County politics. His many critics consider him a corrupt and venal wheeler-dealer. His legion of friends perceive Murphy as a compassionate man and a skilled legislator. The Chicago press hates Murphy. Yet, he is the only Illinois state legislator to attain national prominence.

Several years ago, when I intensified my study of Lake County politics, I conducted a series of interviews with "Murph" at the famous Canvasback Club. "Murph" regaled me with stories and anecdotes on Lake County politics and his Springfield days. I spent many pleasant hours conversing with and learning from this political legend. Bill Murphy and my late grandfather are the greatest teachers of politics that I have had the privilege to know. "Murph" always tells it like it is. He is one of the most candid politicians that Lake County ever produced.

When Bill Murphy contacted me, he said that he was phasing out his residency in Leisure Village, Fox Lake. "Murph" stated that he had to concentrate on his lucrative business interests in the Wisconsin Dells area. Since he was departing Lake County, Murphy offered to give me his political memorabilia and legislative files. Naturally, I charged out to Leisure Village to collect the material. This also provided me with another opportunity to chat with this political legend. "Murph" said, "I wish you had been in the newspaper business when I was in politics. But I sure would have wanted to have you on my side." Then, I informed "Murph" that State Sen. Dave Barkhausen was seeking the Republican nomination for Illinois Atty. Gen. "Murph" responded, "Oh no, I thought that he had come too far already." Amen.

After renewing my acquaintanceship with W. J., I reflected on the sad state of Lake County politics today. Just look at the current crop of young, aspiring politicians that have emerged in our county. They include State's Atty. Fred Foreman of Gurnee, State Rep. Bob Churchill of Lake Villa, State Sen. Dave Barkhausen of Lake Bluff and County Board Chairman Jim LaBelle of Zion. All of them could star in Lake County's political version of "Ship of Fools." "The Ambitious Four" are maneuvering to change their residency to 1600 Pennsylvania Ave. They are all buddies now. But just wait until their political ambitions collide. Then, we will witness "the night of the long knives."

In my opinion, "The Young and the Ruthless" don't give a darn about you and me as human beings. We are only votes to them. They don't care about our hopes and fears. We are only data on their election analysis sheets. Even worse, they are more dull than my column. Compared to "Bingo Bill" Murphy, "the Ambitious Four" have all the charisma of Pop Kettle on Valium. Now, they (or their surrogates) will demand that Publisher Bill Schroeder fire me as the political columnist for Lakeland Publications—AGAIN.

Frankly, I could care less. If it happens, so

be it. But my 12 readers deserve the truth. (Eight of them are relatives.) "The Pampers Four" are talented, but too ambitious. Do your jobs, guys. A good performance in your present office will eventually advance your political aspirations.

You should follow Bill Murphy's philosophy of government. Do what you think

## On Wisconsin

W.J. Murphy, legendary west Lake County political leader, has uprooted himself from ties in the Fox Lake/Round Lake area for residency in Wisconsin. The former powerful republican legislator once was looked upon as a potential candidate for governor. The press gave him the "Bingo Bill" nickname because he led the fight to legalize bingo in Illinois.

is right. Have some fun. Accept unfair criticism. Learn to laugh at YOURSELF. Let the future take care of itself. And to heck with the press.

Am I right, "Murph"?

## Chamber To Host Art Fair

The 13th Annual Arts, Crafts and Antique fair, sponsored by the Antioch Chamber of Commerce and Industry, will present a wide variety of exhibitors and creative wares available for purchase by fair attendees.

This annual Chamber event is being held at Antioch Williams Park, Main St. from 11 a.m. to 5 p.m.

July 14.

Displays in the arts and crafts booths in past years included wood carvings, hand-made dolls, leathercraft, quilted goods, metal craft, hand made clocks, charcoal sketches, hand made jewelry and needlework.

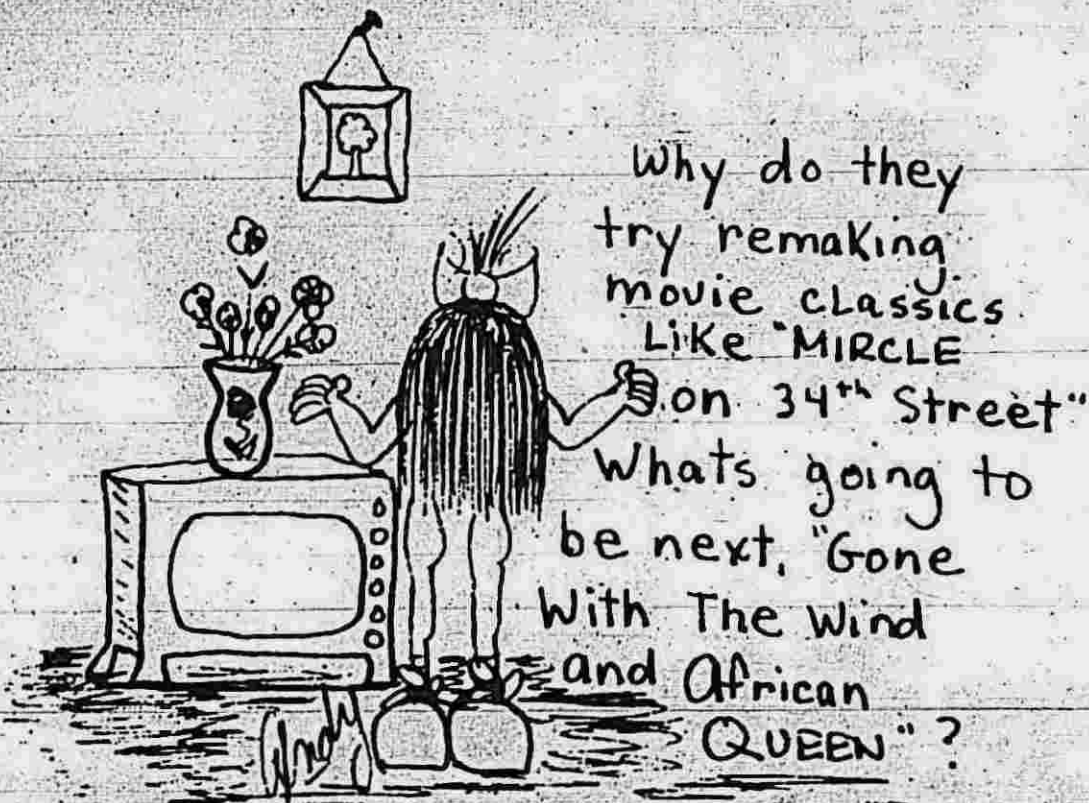

Williams Park offers plenty of grassy area,

covered pavilion and picnic tables for food and refreshments will be served on the grounds.

Pony rides for children will be available.

Exhibit spaces are still available until July 10. Anyone interested in reserving space may call the chamber office at 395-2233.

## Schedule Auditions

Auditions for Lake County's second annual "childrens summer musical" will be held at 1 p.m., June 29 and 30, at the Genesee Theatre in Waukegan.

This year's play is an uplifting original version of "The Pied Piper" directed by Jeff Richter. The musical production, which is supported by the Waukegan Area Arts Council and the park district, needs 100 to 125 youngsters (no experience

needed) between the ages of 6-18.

Also needed are 12 to 20 adults as parents and town-folk. For the children accepted there is a \$25 registration fee. The adults will be considered guest artists.

### Correction

Frank DeMarco, not Frank Torrez, played the coach that received the reviewer's plaudits in PM&L's present musical, "Damn Yankees."

## Honor Foley

# Students, Adults To Miss 'Father Leon'

by VIRGINIA KRUEGER

Sentiments of love and affection were felt and whispered as students and adults paid their respects at Carmel High School for Boys chapel for the Rev. Leon Battle, a newly-retired teacher, who died June 23.

The Rev. Battle, a popular Spanish and religion teacher, died at 7:15 p.m. at Condell Memorial Hospital, Libertyville, after being ill since May.

Father Leon, as he was commonly called, was considered one of the best known priests in the history of the school.

A native of Chicago, Father Leon spent his first year as a priest at Mt. Carmel in Chicago. For 19 years afterwards, he worked as a missionary in Peru. In 1970, he came to Carmel High School For Boys and originated both the band program and the tennis

team. Father Leon was also the founder and moderator of the Carmel Booster Club.

Parishioners of the Transfiguration Church, Wauconda, and St. Gilbert's Church, Grayslake, also came to know this friendly and witty priest as he said mass at these parishes on weekends.

"We shall all greatly miss Father Leon," said Father Gregory L. Klein, principal of Carmel School For Boys.

Father Leon retired from teaching in May and was scheduled to work in a parish in Glendale, Ariz. but on May 25, he was hospitalized for Diverticulitis, a colon disease. He underwent surgery on May 26 and had since developed heart and liver problems. He died from heart failure.

A funeral mass was scheduled for 7 p.m. on Wednesday, June 26 at Santa Maria del Popolo Church, Mundelein.

**Crime STOPPERS**

**PHONE (312) 662-2222**

The Wauconda Police Dept. and Lake County Crime Stoppers are seeking information about a shooting which occurred on June 9 at approximately 4 p.m., on Barrington Rd., just south of Rte. 176 in the Village of Wauconda.

The victim was shot once in the right leg. The offender left the scene in a 1978 or 1979 Olds Cutlass, light metallic blue in color with a white Landau top.

The act of violence occurred on a nice, warm sunny afternoon in clear view of any pedestrians and all vehicular traffic.

If your information results in an arrest and an indictment, you will be eligible for a cash reward up to \$1,000.

Remember, Crime Stoppers wants your information, not your name.

## Training Center Joins Stoppers

Great Lakes Naval Training Center created Crime Stoppers history by being the first military installation in the country to be affiliated with Crime Stoppers.

During a ceremony conducted by Commodore Thomas R.M. Emery, com-

mander Naval Training Center Great Lakes, the Naval Base became a full-fledged participant in Lake County Crime Stoppers on May 29. Commodore Emery also presented a \$3,500 check to Lake County Crime Stoppers.

The funds will be used to administer the program and pay rewards. Rewards are paid to anonymous callers who give vital information

which results in the arrest and indictment of felony offenders.

The Lake County Crime Stoppers Board of Directors welcomes the affiliation of Great Lakes and looks forward to a successful relationship. During its first year, Lake County Crime Stoppers information lead to the solution of 246 felony cases, 132 felony and fugitive arrests and the recovery of

\$865,856 in stolen property and narcotics. In the nation, there are over 600 Crime Stopper programs and their combined results are notable: one major criminal case solved every 15 minutes and \$1,900 recovered every hour. Crime Stoppers hopes to share their success with the Great Lakes Naval Training Center.

## New Plans

(Continued From Page 1A)

"None of us can succeed without the other," he said. Warren added that with three new businesses in the last 30 days, things were getting encouraging.

"It won't keep up this pace, but it's encouraging," he said. "We're seeing some excitement out of our area merchants. They're starting to care."

The commission head added that although the TIP is a self-sustaining cycle, it could cost as much as \$5 million before it is all

done.

The plan as a whole is starting to work now, Warren said.

"We're getting stores filled and we're trying for a better business mix. There is more viability in the business community." As an example, he said that taverns were not conducive to quality growth. The commission recommends this mix to the zoning board, who in turn, recommends ideas to the village board.

## 4-H Participants To Hold Mini-Fair On June 28-29

by ARDEEN HARRIS  
(312) 335-2761

Participants of 4-H in the area will be having a mini-fair on June 28 and June 29 at the Extension office and fairgrounds. On Friday, June 28 they will have food demonstrations at 9 a.m. and general demonstrations at 2:30 p.m. Cat judging will be on the Fairgrounds at 7:30 p.m. and rockets will be launched at the extension office from 6:30 to 7:30 p.m. On Saturday, June 29, they will have the small animal show at 9 a.m. at the Fairgrounds with rocket launching at 11 a.m. The bike rodeo will take

place at 2 p.m. Hot dogs and pop will be sold in the cafeteria building during the Mini-Fair.

The Grass Lake School board will have five positions open in the November election. There are four 4 year terms and one 2 year term available. Residents of School District 36 may stop by the school and pick up a school board position form. The petition must be signed by a minimum of 50 registered voters of District 36. They may be filed at Grass Lake School on August 19 through August 26. Those

resumed in July following the closing of the Illinois legislative session. Tim Michalek was appointed as Junior High social studies instructor to replace Clint Wesolik who has returned to graduate school at the University of Illinois.

## Along the way with ANNIE MAE

Hey you kids out there! I hear immediately following the July Fourth Parade that at Williams Park, if you find the Blooze Brothers in their "Squad Car," you can get their autographs and the first 200 kids will receive free t-shirts with the Blooze Brothers on it. Follow the parade to the park and scramble!

How many of you were out at 8 a.m. on Sunday to see the runners in the Antioch Parks and Recreation Footrace? Once again it was a complete success with the help of sponsoring Raymond Chevrolet. Ray Scarpelli passed out the last medal and the clouds came in and it poured. I hope he's on our side for the July Fourth Festivities, July 3 and 4.

Miss Antioch contestants and Queen Lorin Buchta with the famous Blooze Brothers are going to be in the Waukegan Parade on June 30. If you go to the parade be sure to watch for them and wave them on.

Birthday greetings to Helen Sterbenz, Charlie Haling, and Dorothy Pedersen on June 21. Did you all get together for your special day?

Congratulations to Gary Muller in running the 10,000 km. Antioch Foot Race in 28 minutes and 59 seconds. That was excellent timing. Even expert helpers Norm Hahn and the Dick Harland family were very impressed. I don't know if Annie Mae could get her old Chevy to drive that fast.

Let's hope this hot weather stays and the storms aren't too drastic — See ya' all at the firemen's dance on Saturday night.

## Engagement

William K. Moss and Sandra K. Kessler

### Kessler-Moss

Mr. and Mrs. Richard Kessler of Antioch, announce the engagement of their daughter, Sandra K. Kessler, to William K. Moss, Hazelcrest, son of Mr. Gale Moss of Chicago Heights and Mrs. Sallie Blecharczyk of Hazelcrest.

The ceremony will be performed at the Lake Forest Academy/Ferry Hall in Lake Forest on Sept. 15, 1985.

The bride-to-be is a 1978 graduate of Antioch High School and a 1982 graduate of Eastern Illinois University and has a bachelor of science degree in business. She is presently working as an office systems analyst for Abbott Laboratories.

The groom-to-be is a 1974 graduate of Bloom High School and is employed as owner/general manager for Fisher Auto in Chicago Heights.

The couple plans to settle in the northern suburbs.

### Ten Years Ago: June 18, 1975

The Antioch Village Board voted to form a new five-member park board. Appointed were: Cliff Houghton (chairman); Eunice Mueller; Bruce Bartosz; Gail Fields; Marsha Starcevic. The board was appointed by Mayor Robert Wilton.

Antioch resident Fred Smith, a Spanish-American War veteran, celebrated his 96th birthday with his daughter, Lilian Gaa.

### Thirty Years Ago: June 23, 1955

The Lion's Club Swimming Pool Committee was formally organized through the adoption of bylaws that took place at a meeting in the Rescue Squad Building.

Howard Gaston, co-publisher of the Antioch News, was one of a number of Lake County and Chicago publishers and editors who were honored by Homer Daaringer Post American Legion in Waukegan.

### Fifty Years Ago: June 27, 1935

Two well-dressed men pried the ten-cent slot-machine from its fixtures at Koukol's Tavern on Rte. 173, two miles west of Antioch. They disappeared in a Pontiac with their loot.

During the last ten days more than \$48,000 in applications for loans under the Federal Better Housing Act has been received at the Antioch Better Housing office, investigation of the records disclose. The total amount is distributed among 58 residents of the community who are planning to modernize and improve the living conditions of their homes.

## Frederick May Seek Senate Seat

State Rep. Virginia Fiester Frederick (R-Lake Forest) has announced that she is seriously considering running for the 30th Legislative Dist. Senate seat now held by David Barkhausen (R-Lake Bluff). Sen. Barkhausen has announced that he will enter next year's contest for Illinois Attorney General.

In making her announcement Frederick commented, "Ever since Sen. Barkhausen first indicated his interest in running for Attorney General, I have been giving a lot of thought as to what course of action I should take. The easiest road for me to travel obviously is to run for reelection in the 59th Representative District and stay in the Illinois House where I would have all of the responsibilities and opportunities which go with

being a fifth term member.

On the other hand, with my eight years experience in the House, my total familiarity with the legislative process and with how to solve state-related problems for my constituents promptly, and with my ability to serve as a full-time legislator, I feel certain that I could be an effective and competent State Senator.

The 30th Legislative District comprises my own 59th Representative District," Frederick pointed out, "and the 60th Representative District, presently served by Rep. William Peterson (R-Prairie View). Naturally, I am well known in the 59th Dist. and have reason to believe that my candidacy for the State Senate would be well supported throughout the District."

## Select Students

Eleven students from Shimer College have been selected to participate in the college's overseas program this fall at Oxford University. Shimer faculty member Jack Sigel will accompany the students and serve as director of the Shimer-at-Oxford program during the 1985-86 academic year.

Among the students chosen to attend Oxford are Elizabeth Buchanan, Josephine Carlyle, Susan Cury, Joanna Jensen, Mary Karmes, Kieran McHugh, Vicky Muhleisen, Ron Simon, Chris Vaughn, David Venckus and Jerry Young.

Each year Shimer College accepts between 10 and 25 students for participation in the college's overseas program. While at Oxford the students continue their studies under the guidance of the overseas program director and the faculty of Oxford University.

For further information on programs offered by Shimer College, contact the office of college admissions at (312) 623-8400.

## Recycling Cans Convenient

Recycling aluminum cans for cash is becoming increasingly convenient in the Chicago area, including Antioch and Round Lake Beach, thanks to National Can Corp.'s versatile and successful recycling efforts. Well known for its permanent recycling centers throughout the area and for its reverse vending machines in Jewel stores, National Can now ac-

commodates aluminum recyclers in outlying suburbs via mobile recycling units.

A National Can mobile collection unit visits several suburban stores and one recycling center semi-monthly for a half day, to receive and weigh aluminum cans and pay out their recycling value in cash.

"National Can is committed to recycling

throughout the country as well as locally," says Clifford R. Klotz, vice president and general manager of the National Can Recycling Div., "because this effort conserves natural resources and energy while reducing litter. Our company has long supported environmental clean-up and conservation."

Recycling has also proven an effective fund-raiser for community groups.

## To Hold Workshop

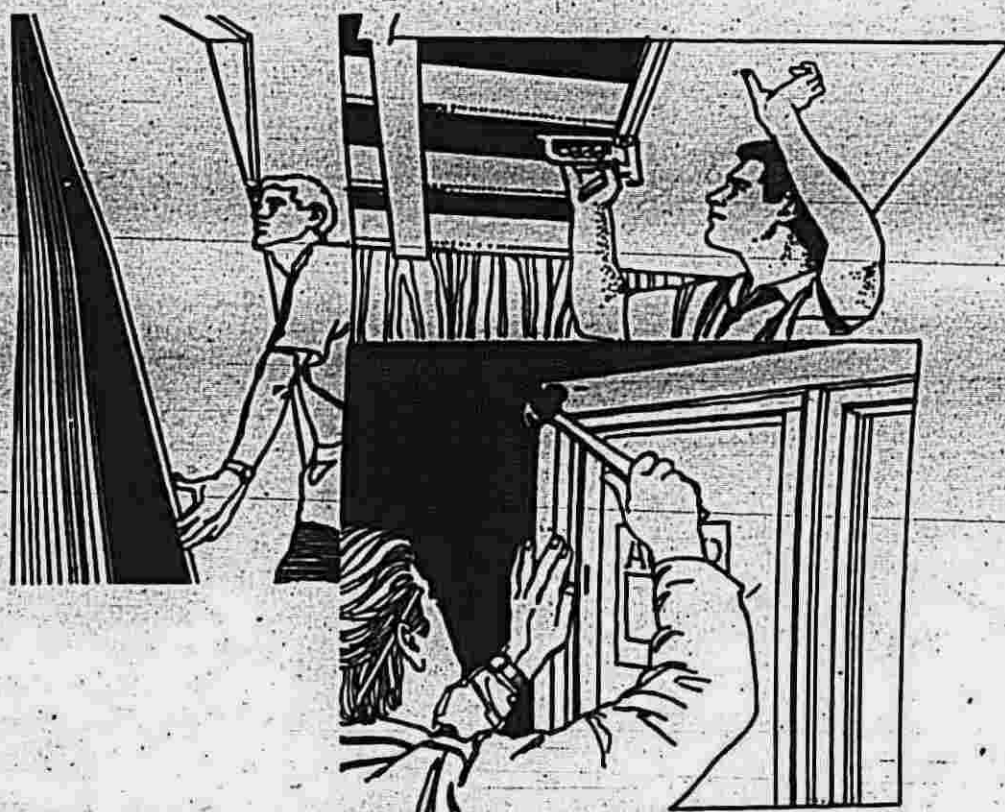

Lake County Clerk Linda Hess has announced that a workshop will be held at 10 a.m. on Saturday, June 29 at the State Board of Elections Office, State of Illinois Center, 100 West Randolph St., Chicago. The purpose of the workshop is to inform the candidates, political committees and interested citizens as to filing obligations under the Illinois Campaign Financing Act.

Hess stated, "It is important in the election year that everyone running for of-

fice knows when to file certain campaign contribution reports and what information should be included. We want to help everyone so that the law is followed in every respect."

The workshop will be administered by the Illinois State Board of Elections. The main topics that will be discussed are procedures for completing the 1985 Annual Report and procedures for finalizing campaign activities. The public is invited to attend.

## For Growth, Keep IRB's

With all the tax reform talk going on in Washington—and probably some changes coming about sooner or later—it would be a shame if the Industrial Revenue Bond (IRB) program is tampered with or done away with altogether.

A number of short-sighted politicians and a goodly number of bureaucrats charged with the responsibility of extracting money from the tax paying public, view IRB's with suspicion and trepidation because income from the purchase of the bonds comes to the owners tax free. The Washington mentality views anything tax free as a loss of revenue and a loophole to be plugged. The other side of the coin is that IRB's have been one of the greatest instruments for stimulating local economies that have come along.

The law gives municipalities power to issue bonds in the name of an entity, typically a local business, that is obligated for the repayment. The bonds are attractive to companies in need of funds because of low interest rates. They are attractive to purchasers because of the tax free provision. The whole idea is to provide a mechanism to stimulate the economy.

In our locality, IRB's have worked admirably well. We are not aware of any abuses, which is the main reason why critics want to see them eliminated.

Taking notes of efforts to discontinue IRB's, Mundelein Mayor Colin McRae spoke out impassionately that his community would not be a major employment center today if it were not for its ability to issue IR-

Bs and thereby attract new industry. Mundelein officials feel that 2,000 of the community's 6,000 full-time jobs are the direct result of issuance of the low interest bonds to new or expanding industries. Mundelein councilmen have approved 10 IRB programs tied to IRB's. They have rejected the opportunity to issue IRB's and add a small amount of income to the village coffers because they would not have created any local jobs.

At a meeting earlier this month, Wauconda officials voted approval of three IRB programs totalling nearly \$3 million, \$800,000 for an electronics firm and \$1 million for a bronze and brass manufacturing concern, both of which will relocate to Wauconda, and \$900,000 for Stack-On Products Co. that is expanding.

In Grayslake, a vacant plant is going to be occupied and 115 jobs created because a prospective industry was able to arrange \$2,500,000 in financing through the medium of Industrial Revenue Bonds authorized by the village board.

From our point of view, IRB's are working to perfection creating new jobs, broadening the tax base, improving the local economy and helping companies get established or expand. The tax residuals of this IRB induced growth have to be staggering. Can't the moguls in Washington understand? Looking at it another way, the companies and employees all pay income tax—and a lot of other taxes. Uncle Sam isn't getting cheated.

The IRB program should be permitted to stand.

## Drunks On The Run

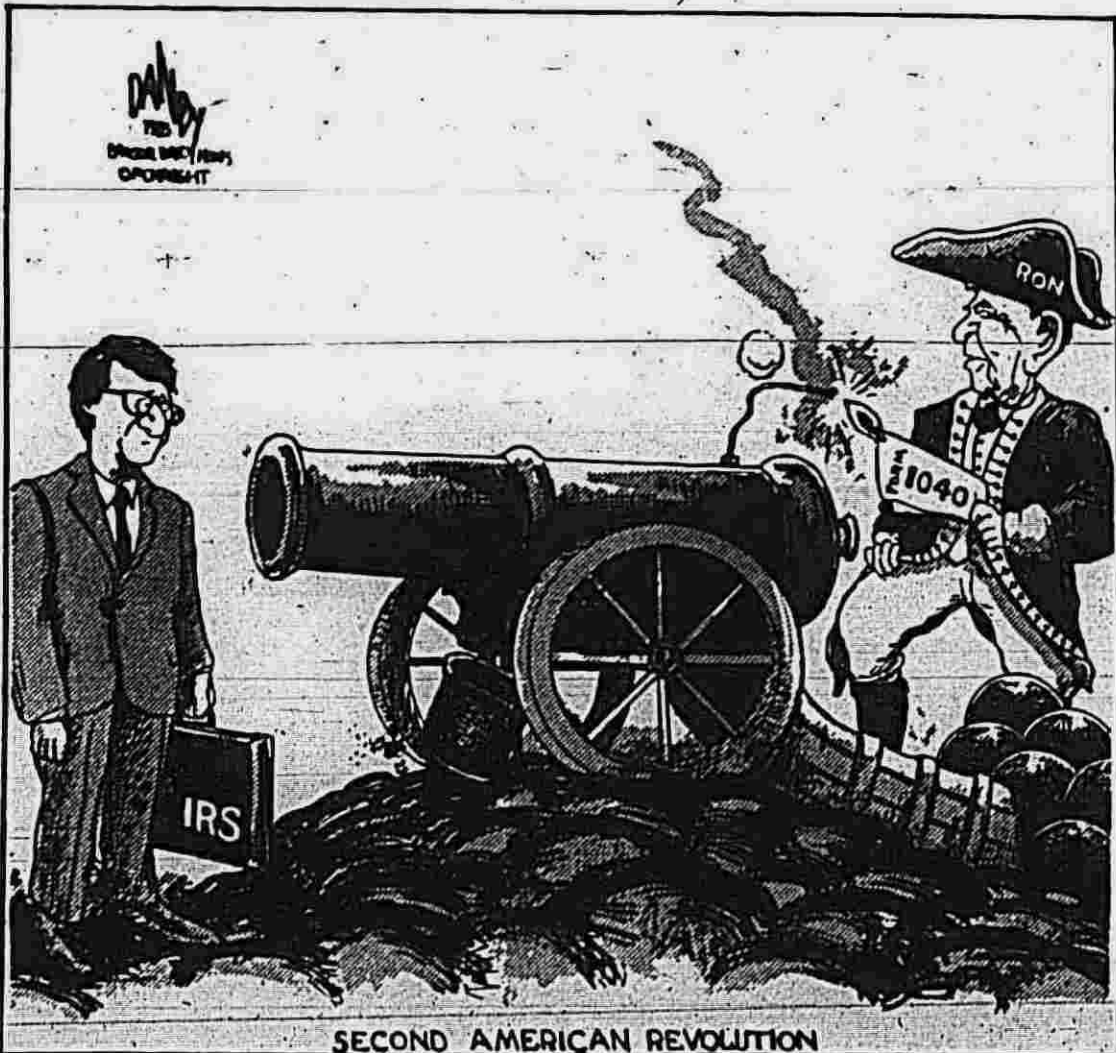

Let's face it, the courts have been soft on drunk driving offenders. And the courts have been soft because society in the past hasn't seen fit to support hard-line dealing with intoxicated drivers. Times have changed, though.

Latest statistics released by Sec. of State Jim Edgar show that Lake County scored well in DUI prosecutions for the years 1981 through 1984. DUI convictions for the period showed an increase of 373 percent, the highest in the metropolitan area. Is there more drinking? Could be, but the increase more likely is due to a combination of factors including more intensive police surveillance, aggressive prosecution, increasing "hard-lining" in the courts—and public support of the "get tough" approach.

With State's Atty. Fred Foreman pushing for convictions, Lake County also has increased its convictions as compared to the percent of total drunk driving dispositions, posting 28 percent last year, the same as the statewide average. What Foreman has read in this statistic is a need to concentrate on reduction of repeat offenders.

To his credit, Foreman astutely recognizes that the best politics is a good conviction rate. The ambitious young prosecutor has been calling for simplification of the process for suspending drunk drivers who refuse to take implied consent tests.

The statistics offer encouragement that something is being done to get drunks off our highways. That's good, but there's still a lot of work to be done.

SECOND AMERICAN REVOLUTION

## Editor's Viewpoint

### One Man's Efforts Spark Expansion Of Industrial Area

by BILL SCHROEDER

After all the sweat and toil of chamber of commerce workers and huffing and puffing of politicians, community economic development almost always comes down to one or two persons.

That's the way it worked out for Antioch when a big step for economic advancement was taken with the arrival of Great Midwestern Packaging Corp., a rapidly growing company that envisions a payroll of nearly 400 within three years.

The packaging company chose Antioch because a suitable building was available surrounded by sufficient space for anticipated growth. And the building was available because Everette Oftedahl and his wife, Elaine, had the courage and foresight to put up the building on speculation in the community industrial sector.

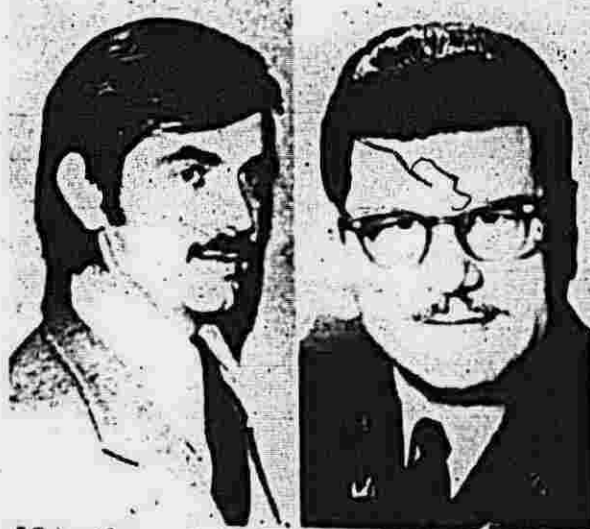

Great Midwestern is off to a fast start with 70 persons on the job. Work is scheduled around-the-clock Monday through Saturday to fulfill the initial order for a confectionery concern, a candy bar wrapping project.

Oftedahl, owner and operator of Frostee Foam Co., one of Antioch's longtime industries, isn't through yet. His next project will be to develop a 10 acre parcel for small manufacturing concerns.

Industrial development rarely is a overnight process. Oftedahl said he owned the Great Midwestern site and the adjacent acreage 17 years before having the "spec" building built six months ago. Things are moving at a brisk pace now and the outlook is encouraging.

**PICKING UP**—Charles J. Lucas, senior member of the Grayslake village board, and his wife, Mary Jane, who is vice president of the Grayslake Community Park District, are devoted bicycle riders who put their recreational time to good use for the community betterment. They pick up soft drink cans tossed aside carelessly. A pre-Father's Day "tidy-ride" netted them 100 aluminum cans.

Morris

Lucas

Charles says they do this regularly and it is rewarding five fold: first, it gives good exercise—bicycling and getting on and off the bike; second, it helps clean and tidy-up Grayslake; third, it helps get around the town and see first hand village needs; fourth, cans are given to their neighbor, Mrs. Manusos, who gives them to the United Protestant Church who sells them for reclamation and fifth, it conserves valuable metals for America.

**MADE PUBLIC**—A copy of a memo Lake County Coroner Barbara Richardson wrote to Lake County Board members in opposition to the county purchase of Brae Loch Country Club has been made public despite her efforts to scotch the view after having second thoughts.

### Letters Invited

Richardson's memo was mailed to this columnist by an anonymous source. The memo was dated May 15, 1985, the day Lake County Forest Preserve commissioners voted to purchase Brae Loch, action vetoed a few days later by President Donald Strenger in an unprecedented move. Our information is that Richardson retracted the two page statement after distributing it but before County Board members received it.

The coroner, a resident of Grayslake, pointed out that Grayslake residents "are all opposed to Brae Loch and that few if any Avon Township residents ever play golf at Brae Loch." Apparently, the coroner recanted after realizing that her views were off base. The memo that was written but technically never sent has been an embarrassment to Richardson. What prompted her to write it in the first place? Maybe a better question would be: who prompted her to write it?

## Repair Old School

Editor:

Are we all to be disfranchised—cheated of our say on the repair or replacement of the Warren High School? Have you carefully read the sample ballot for the special election on the bond referendum to be held Saturday, June 29? Lines 2, 3 and 4 essentially tell you nothing. As the ballot reads, if you vote yes, you are voting to just turn the school board loose with \$17,600,000 to do with whatever they so desire.

So far every indication from them has been to raze two-thirds of the building remaining (which, up to the time of the fire was referred to as the "new section" and is barely 20 years old) and start from the ground up. The bonds on the last construction are not as yet paid off. If your car needs four new tires, some rust repair and a new battery, you don't drive it to the junk yard and leave it do you? You fix it or trade it in and get some value out of it. That isn't what our school board wants to do with two-thirds of our high school, they want to just trash it and buy all new with our money.

So far we have had no real facts or figures on repair work, (probably in hopes that no one will think about it), just a lot of hazy, insipid reasons why it isn't practical. Go look at what's left on O'Plaine Rd.—doesn't it look like there's enough good looking building to seriously consider repairing it before we hastily bulldoze it?

They may not be talking about a Taj Mahal, but we are not talking about tearing down a 100-year-old tarpaper shack either.

## Pesticide Poisoning

Editor:

We don't realize the danger of the effect of the combination of all the various uses of pesticide poisons. Diazinon was used to kill carpenter ants for over four years in the modern office building where I worked, the kind where all of the windows are sealed. Simultaneously, my neighbors were having their lawns serviced by Chemlawn, et al, for over three years. The city had mosquito control programs, spraying ten to fourteen times a year and weed control for the lake and used herbicides. Also some of the residents used herbicides for weed killing at their private beaches. Gardeners were killing bugs on vegetables and flowers, etc.....

Four years ago symptoms appeared, unexplainably. Fatigue, listlessness, insomnia, loss of appetite, chronic cough, shortness of breath, etc. Diagnosis, environmental illness. It wasn't until a year ago when a neighbor had the lawn care service and I lost consciousness for over six hours, I knew it was pesticide poisoning.

My neighbors would not stop the lawn care service, the companies would not stop servicing my neighborhood. The city did stop all pesticide applications and are to be com-

mended. The trustees are the heroes, having the intelligence and fortitude to do so. The welfare of the residents is entrusted to the right people and I'm so proud of the trustees. But, their efforts were not enough. With each application of the lawn care service, my sensitivities to all chemicals increased. Within two months I could not leave my house, walk in the yard, go to church, movies, shopping, restaurants, or the doctor without reacting to everything. There was nothing else to do but go to a part of the U.S. which is chemically free if I want to live.

This was a drastic decision. It meant leaving my children, my home, family, friends and all that is dear to me. I tried to go back for a visit and became so ill that I had to leave immediately, only visiting my children for three hours. There are thousands of people with this same problem and the numbers are increasing at an alarming rate. The pesticide poisoning has to stop. Even in a chemically free area I'll never fully recover as my lungs are severely and permanently scarred.

## Support Statue Drive

Editor:

Last week I received a signal honor; a letter of thanks from the Statue of Liberty Foundation signed by Lee Iacocca and accompanied by a charter contributor's card which I will proudly carry on my person. The first contribution I made was through a nationwide appeal to all Masonic jurisdictions to raise funds for the complete restoration of the Statue.

The Masonic Fraternity has played a unique role in helping to establish the Statue of Liberty. On August 5, 1984 a rededication ceremony was conducted by the Grand Lodge of New York. Ironically, both ceremonies were held in a downpour of rain on the identical day one hundred years apart.

It is expected that the Statue will be completely restored in time for ceremonies to be held on July 4, 1986.

The Statue has been one of America's most powerful symbols of Freedom, Hope, Charity and Love. Please save her from decay so future new Americans can pass her way.

## Immediate Execution

Editor:

I would like to suggest a change in the law which pertains to any and all persons convicted or who were participants in terrorist activities.

For example: All participants of any skyjacking or any other type of hijacking of any U.S. flag carrier should face the capital punishment of immediate execution as soon as they depart the vehicle. This execution should be televised on all public television broadcasting stations in the United States.

As for these criminals right to a fair and speedy trial, they participated in their trial by the newscasts, appearances, and any statements made by them during the public commission of the sky-hijacking through the news media before the world.

It is way past time for these terrorists to receive what they justly deserve. To attempt to house, feed and clothe them while serving a life sentence is asking for other terrorists to commit more acts of terrorism in an attempt to free the jailed ones. Not to mention the wasted money, taxpayers money I might add, used on the jailed terrorists when it could be put to a better use.

# Writer Tells Anguish Of Loss Due To Drunk

by GARY S. MEYERS

It's 1 a.m. and your phone rings. You are told that your brother has been killed in a car crash. How do you feel?

I know. In Houston, over this past Memorial Day weekend, my brother was killed by a driver — a driver who was charged with involuntary manslaughter after tests showed his blood alcohol was over the legal limit. Waves of sickness, horror, disbelief and a host of insecurities scalded the core of my being. I also felt barbaric hates, the likes of which no civilized human being should ever feel. The rest cannot be described because it is shrouded in a sense-killing numbness. Perhaps it is the only way for one's sanity to survive.

Letting drunks get back into their cars to drive again is bad business. It is as evil as the act of killing itself. Yet we do it again and again and again.

In this particular case the alleged drunk was fleeing the scene of an accident. He was being pursued by a car he had sideswiped. Perhaps he had no insurance. Perhaps he didn't have the few hundred dollars for the repair, but his flight left a decent man dead.

A naked corpse with a tag on his toe in a refrigerated file cabinet in the Houston City morgue was all that remained of my brother — a husband of a wife who herself wound up in intensive care; a father of two young girls; the dead child of two grieving parents.

Killing by drunk drivers is serious business and must be changed. My brother is as dead as if he had been mugged, robbed and shot — except he would have had a better chance of survival with several bullet wounds to the chest. Two tons of speeding car leaves little of the body to repair. It leaves crushed skulls, obliterated spleens and other internal organs. It leaves faces contorted in fear. It leaves mental scars on the lives of anyone seeing the results and feeling the loss.

In my heart there is no sorrow for the wretched soul of the driver. Nor do I think the rehabilitation of such drivers should be considered — at least not until there is rehabilitation for the people killed.

The drunk who kills is a murderer who has never learned the basic lessons he should have as a child. An adult must be held accountable for his actions, or surely tragedy

will compound error.

Put drunken killers in prisons. So what if the jails are overcrowded. Would any one of them trade the worst stinking hot, jammed jail cell for the comfortable confines of a cool, private grave? I think not.

If you are lucky, this issue is an abstract one, more worthy of cocktail conversation than tears and brutal desire for revenge. But if you have done nothing — if you have said nothing — then perhaps your time, too, may come soon.

To discourage drunk drivers we should truly raise the price they must pay. If it were up to me, the penalties for killing while under the influence would include:

- A death resulting from a drunk driver should be treated as murder, without plea bargaining.

- The name and address of the driver should be prominently published, just as surely as if he had jumped from the roof of a high-rise building.

- A person who has killed while under the influence absolutely should never be allowed to operate a vehicle again, for the rest of his or her natural life. This is a small price when compared to the price already paid by the victim.

- Make it a felony to drive with a license suspended for drunk driving. Repeat offenders and those that would ignore the law and public safety should be prosecuted to the fullest extent of the law and treated as potential killers, because that is what they are.

- Make the horror seem real before it becomes real. If a drunk is convicted of driving while under the influence, but has not killed or injured anyone, give him a break. Suspend his license for two to three years. Then have him closely observe ten autopsies of people killed in cars by drunks. Have the drunk clean up accident sites or work in hospital emergency rooms on weekends for a year.

If they still do not get the point, God help us all.

Editor's note: Gary S. Meyers writes a weekly column on money management and financial matters. We extend our condolences to him and his family in the loss of a loved one.

# Bang-Up July 4 Might Be Illegal

by GLORIA DAVIS

Ever since July 4, 1777, when the first anniversary of the signing of the Declaration of Independence was celebrated in Philadelphia with the adjournment of Congress, a ceremonial dinner, bonfires and FIREWORKS, rockets, flares, pretty explosives and twinkling sparklers have been synonymous with the July 4 celebration only indigenous to the U.S.A.

American children are especially enamored with the loud noises and colorful explosives that are synonymous with the Fourth.

According to the Lake County Building and Zoning Dept., which issues permits for the retail sale of fireworks in the county, toy smoke flares, sparklers and whistling items are the only Fourth of July "fireworks" that can be legally sold for private use in the county and the entire state.

Anything that explodes is forbidden. Rockets and other explosives can be sold to professionals who meet the legal standards for use in professionally handled fireworks displays.

There are also local ordinances concerning the sale and setting-off of fireworks.

According to the Kenosha County Sheriff's Dept. the following are not considered fireworks as such.

Toy snakes which contain no mercury and are so labeled, are not regulated. Either are model rocket engines, but they cannot be used when attending a public fireworks display.

Toy caps, containing not more than one-fourth grain of explosive mixture and sold to be used in a device which prevents bodily contact when put in to place for explosion. As a rule paper caps are no problem.

The ever-popular sparkler, where the wood stick does not exceed 36 inches in length and one-fourth inch in diameter, and which does not contain chlorate, perchlorate or magnesium, is O.K.

Also on the legal-sell list are: champagne party poppers (designed to spray out paper streamers or confetti, also containing less than one-fourth grain of explosive mixture); whistling items that do not exceed three grams in weight and have no second effect besides the noise effect and do not explode; smoke devices that have no external flame and do not leave the ground; cylindrical

fountains, not exceeding 100 grams in weight and the inside tube diameter does not exceed three-fourths of an inch, not designed to stay on the ground and emit only sparks and smoke.

Cone fountains that do not exceed 75 grams in weight, with no secondary effects, and designed to sit on the ground and emit only smoke and sparks can also be sold to any buyer.

Most municipalities have professional fireworks displays. Law enforcement agencies suggest those demonstrations are the best place to fete a booming Fourth.

In closing, the sheriff's department asks parents to "try to keep an eye on our children in respect to fireworks. God knows we do not want them hurt or burned, either temporarily or permanently."

Kenosha County Sheriff Fred Ekornaas said that in both Kenosha and Lake County, possession of anything that leaves the ground, explodes, or has an exposed flame other than a fuse and has no secondary use but for simple "bang-up" entertainment, is illegal.

A strange twist in the Wisconsin law

provides that wholesalers can sell fireworks to people from other states but the fireworks then have to be shipped to the purchaser by common carrier (UP, Federal Express, etc.).

The catch here is that if the purchaser is from Illinois, they can be arrested after receiving the shipment of the fireworks.

So if law enforcement agencies have prior knowledge that such a shipment is taking place, a legal search warrant can be obtained and the owner of a house or building where the fireworks are found can be arrested.

One of those booths, owned by Robert Hess of Trevor, is at the intersection of Hwy. 50 and I-94 in Bristol.

Hess claims that all the people to whom he ships fireworks are warned to follow the directions enclosed very carefully as a safety precaution.

Citing some of the many serious injuries suffered by members of the public playing with illegal fireworks, Ekornaas said, "So many people can get them and so many set them off indiscriminately at public functions, it's a wonder that we don't have more injuries than we do."

## Lindenhurst Woman Wins Societal Award

Six members of the Chain of Lakes Area Branch (COLA) attended the 61st Annual State Convention of the American Assn. of University Women held this month at the Springfield Hilton, Springfield.

Once again, COLA members returned with a list of laurels to their credit.

Included among the awards was the coveted "Agent of Change Award," given to COLA member Mary Reljic, of Lindenhurst. This is the first time a COLA member received this award which is given to one woman in the state for exemplary efforts to promote positive change in society. Reljic will be assuming a position on the Illinois State Board of Directors of AAUW, as Women's Issues Chair for 1985-87.

— For the third year, the branch newsletter, "Chain's Link" received recognition, with Editor Randi Baltz, accepting an honorable mention.

— For the second year, a membership award was received. Membership Vice President Kathy Papaleo accepted second prize, \$50, for membership gains.

— For the first time, the

branch network of COLA of Waukegan received first prize for Public Information Effects in connection with the "Peace Child" musical presented last summer. In June, the network will be in

competition for the National PI Award given at the AAUW's National Convention in Columbus, Ohio.

AAUW is a 104-year-old national organization, comprised of 194,000 degreed women.

# LaBelle---Inept, Indecisive Start

by JOHN STEINKE  
(Political Columnist)

In politics, you dance with the one who brings you. Take care of your own, and don't worry about your political enemies. Apparently, Lake County Board Chairman Jim LaBelle of Zion has disregarded this rule of practical politics during his stewardship of county government. In the process, LaBelle has alienated some of his County Board supporters. His indecisive leadership may jeopardize his reelection prospects for the chairmanship next year.

Last December, LaBelle defeated then incumbent Glenn Miller of Long Grove for the chairmanship by a 13-11 vote on the 27th ballot. LaBelle's winning coalition included eight out of the 19 Republicans on the County Board along with John Balen's bloc of five Democrats. Dist. 4 Rep. Norm Geary of Grayslake was instrumental in electing LaBelle to the chairmanship.

**"...Indecisive leadership may jeopardize reelection prospects for the chairmanship next year."**

For 26 ballots, the county chairman's race was deadlocked. Republicans Miller, Geary and LaBelle competed for the office. Following a stormy party caucus, Geary withdrew his candidacy and recommended LaBelle's election. On the 27th ballot, LaBelle's four supporters united with Geary's four Republicans and Balen's five Democrats to elect the Zion Rep. to the chairmanship.

Dist. 6 Rep. Miller's seven people combined with Dist. 5 Rep. Bob Depke's four loyalists to generate 11 Republican votes for the chairman's aborted reelection bid. Depke supported then Chairman Miller's candidacy because he was seeking reelection as Warren Twp. Supervisor. Depke faced strong opposition in the 1985 township elections, and he decided not to run for the County Board Chairmanship last year. In 1982, Miller had been reelected chairman, defeating Depke on the 80th ballot.

Last December, seven Republicans, along with LaBelle himself, supported his election, including: Helen Amendola, C. Richardson Anderson, Geary, James Mitchell, Andrea Moore and Eleanor Rostrom. The five Democrats supporting LaBelle for chairman were: John Balen, Tony Serdar, Sam Payne, Stan Pekol and Audrey Nixon.

Ten Republicans, along with Chairman Miller, recorded their ballots for his reelection, including: Deloris Axelrod, Jerry Beyer, Depke, Jim Dolan, Jim Fields, Donna-Mae Litwiler, Bob Neal, Fred Popp, Don Strenger and Pat Wilson. But the Depke-Miller-Neal factions lost the chairmanship to the LaBelle-Geary-Balen groups. (Dist. 3 Rep. Bob Neal of Wadsworth is also Lake County Republican Chairman. On the day

before the election of the Lake County Board Chairman, Neal organized a party meeting in order to unify the GOP county board members behind a single candidate. But the effort failed.)

Chairman LaBelle's election has polarized the membership. The 24 County Board members also serve as forest preserve commissioners. The Lake County Board resembles the Chicago City Council wars. In "the Windy City," it is Mayor Harold Washington versus Ald. Ed Vrydoliak's City Council majority. In Lake County, the LaBelle group dominates the County Board while the Miller faction controls the forest preserve district.

Dist. 1 Rep. Don Strenger of Lake Forest is the chairman of the Forest Preserve Dist. Strenger is a close political associate of former County Board chairman Glenn Miller. Dist. 4 Rep. Geary has been leading the fight to add Brae Loch to the county's forest preserve system. Brae Loch is the 158-acre golf course/vacant land parcel located between the College of Lake County and the Lake County Fairgrounds.

However, Geary's political adversaries dominate the forest preserve district. Miller despises Geary because he believes that the Grayslake Rep. cost him the county board chairmanship. Geary's support was crucial to LaBelle's election. Depke of Warren Twp. is Geary's principal nemesis on the County Board. The fiery Depke and the competitive Geary are like scorpions in a bottle. Norm Geary characterizes Depke as an unprincipled politician. Bob Depke refers to Geary in terms prefaced by certain adjectives concerning his ancestry and as an unreconstructed hypocrite.

Thus, it was not unexpected when Strenger vetoed the purchase of the Brae Loch golf course which had been approved at a special meeting of forest preserve commissioners. It was the first time in the 27-year history of the district that a vote of the commissioner was vetoed by the president. The Brae Loch acquisition remains an unresolved issue.

**"...LaBelle group dominates County Board while Miller faction controls the Forest Preserve District."**

LaBelle has remained conspicuously silent on the Brae Loch matter. Why hasn't LaBelle provided leadership on this subject, which has been plagued by personality conflicts, political differences and competing ambitions?

The major test of LaBelle's leadership occurred when Richardson submitted her resignation from the County Board. Richardson had been one of LaBelle's four original supporters in his bid for county chairman. In addition, Richardson had persuaded newcomer Moore of Libertyville to support LaBelle's candidacy. In 1984, Richardson had been influential in electing

Moore to the County Board from Dist. 5, which includes Libertyville, Vernon and Warren Twps.

The chairman is empowered to appoint a new member to fill a vacancy subject to the confirmation of the entire County Board. Richardson's impending resignation generated a vigorous debate among LaBelle's 13 supporters. Nine out of LaBelle's 13 people recommended that he appoint Libertyville Twp. Supervisor Mike Graham to replace Richardson. Last year, Graham had lost the County Board election to newcomer Moore and incumbent Dolan, both of Libertyville.

**"...LaBelle has remained conspicuously silent on the Brae Loch matter."**

Instead, LaBelle appointed Grayslake banker Eugene Martin, of Libertyville. What were LaBelle's possible motivations behind Martin's appointment? First, LaBelle has been perceived as a political tool of Geary and Amendola by some County Board members. Both Geary and Amendola were LaBelle's principal supporters for the County Board chairmanship. Geary strongly recommended Graham's appointment to the County Board over Martin. By appointing Martin, LaBelle demonstrated his independence from Geary.

Second, LaBelle has been criticized by staunch Republicans for accepting the support of the five Democrats in order to win the election for the chairmanship. If LaBelle had appointed Graham, he would have further alienated party regulars. Graham is a maverick Republican. In 1978, when Graham was defeated for renomination to the County Board in the GOP primary, he became the unsuccessful Democratic candidate for the same office in the November elections.

LaBelle's appointment of Graham would have alienated Neal. He is also chairman of the Lake County GOP organization. The Republican party is Bob Neal's religion. Sheriff Robert H. "Mickey" Babcox and GOP Chairman Neal are the kingpins of Lake County politics. Like Neal, Jim LaBelle is also a County Board member from Dist. 3, which includes Benton, Newport and Zion Twps. plus part of Waukegan. Chairman LaBelle will be seeking reelection to the County Board next year. He cannot afford to antagonize Neal because Dist. 3 is the only politically competitive County Board area in Lake County. It has four representatives including Republicans LaBelle, Neal and Eleanor Rostrom of Waukegan plus Democrat Sam Payne of Zion.

Besides, Graham is hated by most of the anti-LaBelle people on the County Board, particularly former chairman Miller and Depke. Miller deeply resents a letter that

Graham dispatched to Dist. 5 Reps. Richardson and Moore opposing his reelection. He believes that Graham engaged in an unwarranted personal attack on his character. Depke simply believes that Graham should walk into Lake Michigan until his hat floats.

Third, LaBelle has political aspirations beyond his present office. Reportedly, State Rep. Bob Churchill (R-Lake Villa) recommended that LaBelle appoint Grayslake banker Eugene Martin to the County Board rather than Graham. Churchill's father is a member of the board of directors of the Grayslake National Bank. Churchill has been waiting patiently for State Sen. Adeline Geo-Karis (R-Zion) to vacate her office. Then Churchill will run for state senator while LaBelle will campaign for state representative as his replacement. To cement a political alliance with Churchill, LaBelle may have appointed Martin to the County Board. Regarding the possible Churchill-LaBelle coalition, one prominent Republican laughingly commented, "Geo will outlive both Jim (LaBelle) and Churchill. After Churchill and LaBelle have been buried and forgotten, Geo's dancing feet will still be leading the parades."

Fourth, LaBelle may have been practicing "legislative courtesy" with the Dist. 5 Reps. following Richardson's resignation. Did LaBelle appoint Martin to appease Depke and Jim Dolan? Both Depke and Dolan supported Miller over LaBelle in the chairmanship race. Newcomer Moore apparently sponsored Martin's candidacy to

**"...Pro-LaBelle County Board member observed that County Board is in shambles."**

displace Supervisor Graham as the political leader of Libertyville Twp. She voted for LaBelle for chairman. If Moore can demonstrate her "clout" on the County Board, it will advance her public ambitions. Supposedly, Moore has aspirations to run for the Illinois General Assembly. Moore wants to displace Graham as the most influential politician in Libertyville Twp. Thus, Martin's selection over Graham satisfied the three remaining Reps. from Dist. 5.

Finally, LaBelle may harbor the illusion that he can satisfy his enemies without alienating his friends. He has angered Geary, who was responsible for his election as chairman. Yet, LaBelle has not appeased Depke. If reelected, all three will probably seek the chairmanship. And there is no guarantee that LaBelle will retain his present office. One pro-LaBelle County Board member observed, "The Lake County Board is in shambles." An anti-LaBelle Rep. contended, "He has no guts." This year will determine whether or not LaBelle will be known as "Jimmy the Whimp" or "James the Statesman."

## Shimer Awards Students

Shimer College has announced that it has awarded major scholarships to four students entering Shimer's weekend college in September 1985.

The scholarship winners were chosen on the basis of their answers to the question, "Is there a place for a classical education in a high-tech society?" This scholarship essay competition is held annually by the college.

The first place winner, Margie K. Seibl, of Park City, will receive a one-year \$5,000 full tuition scholarship to attend the weekend college which meets at the Harrison Conference Center in Lake Bluff.

Dr. Don P. Moon, president of Shimer College, stated that additional scholarship and financial aid awards were still available for the fall 1985 semester.

## On The Road Or Above, Boyne Resorts Burst Hovercraft Gets There With Excitement

Each season we plan driving trips which include extensive roadwork. Driving is slower, but the compensations of being able to stop where, when and for a desired time, are insurmountable. Travelers usually have destinations, but the fun really begins as the car pulls from the curb at home...if you let it. "Daddy, when are we gonna get there?" is a question we no longer consider. Rather, it's "What's the next interesting place along the way."

This will reduce the price difference between leaded and unleaded. It promises to raise overall per gallon costs.

New travel vehicles appear occasionally to challenge the curious and innovative. In Terre Haute, Ind., last weekend, a Hover-In of the Hovercraft clan was held. These vehicles travel over land, water, ice, and any smooth surface capable of thrusting back. Pressured air directed groundward, by gasoline engines operating air fans and propellers. A strong folding skirt around the bottom of the boat-shaped hull, contains the air. As fan pressure raises the vehicle, the containing skirt drops to ground level and a bank of forced air supports vehicle and passengers about 12 inches above ground, water, ice or what ever. It literally floats on air.

Chris Fitzgerald, a lanky Australian, manufactures hover—craft kit for home construction. He is president of the Hovercraft Club of America. About a thousand members, he says, and growing...much more popular in Europe but U.S. interest is ascending. Hovercraft travel from 35 to 70 mph. Gusts and noisy, they are a challenge, but safe. Excellent for water and ice rescues, the U.S. military also employ the craft for supply, equipment and personnel transfer from boats to shore and return.

Though this was a hoveree for area club members, the big show is scheduled for Labor Day weekend in Indianapolis. European specialists will compete in several events.

Next month, Bob Windt of Cordova, Ill., is going to try and shatter the existing Mississippi River boat record between New Orleans and St. Louis. The 1,027 mile trip has a boat record of 23 hours and 9 minutes. "Weather must be right with a full moon for night driving. We'll give it a try" Windt promised with a wistful smile. For information, contact the Terre Haute Visitor Bureau, Box 500, 47808 or (812) 234-5555.

The two Boyne U.S.A. Resorts in the northwest quadrant of Michigan's lower peninsula are bursting with excitement; especially Boyne Mountain golf/ski resort, two very substantial reasons for it.

For openers, the Main Lodge and the Boynehof Lodge, have been completely renovated from top to bottom, including all the public areas. The hotel rooms have been doubled in size by combining two into one. The result: Deluxe suites complete with wet bars, luxurious lounges and bathrooms. "We created an entirely new hotel at Boyne Mountain," said Everett Kircher, president and founder of the popular northern Michigan resort duo, which includes Boyne Highlands golf/ski resort another 25 miles north along Rte. 131, Michigan. "We simply gutted everything and rebuilt from the ground up in

both buildings. Our previous guests won't recognize the rooms we've created."

The second reason for all the excitement at Boyne Mountain is the opening of the front nine of the Monument golf course in mid-July. The back nine will be open for play in late August or early September.

The Monument course has been more than three years in planning and building. Every possible amenity, convenience and esthetic consideration has been incorporated into the project.

"We will have island greens and double greens. The course will offer panoramic views of Deer Lake, where the clubhouse and our condominium development can be seen. The area is one of the most beautiful in all of Michigan. The course covers all types of terrain, Kircher remarked.

Our trip will begin with afternoon arrival at Cedar Point, the 364 acre amusement park in Sandusky, Ohio, on Lake Erie. Next step is Sparta, N.J., for a family get together, at the edge of the Pocono Mountains. After that, the Canadian side of Niagara's three great falls, which offers its perennial Honeymoon Certificate to marriages of all ages. One never tires of the grandeur surrounding one of the world's great natural spectacles. From there, thru Canada to Greater Detroit. They sold us on baseball last year, now we'll weigh other reasons for a visit to the country's fifth largest port city.

With the automobile industry churning out new vehicles again, Detroit is looking to sell over 8.2 million domestically made cars this year. Gasoline prices are creeping up as they do each summer, but may not retreat as before. Allowable lead content is scheduled to drop over a half gram per gallon on July 1.

## Named Bank Director

Eugene Pritchard, president of Condell Memorial Hospital in Libertyville, has been appointed to the board of directors of Libertyville National Bank, 200 N. Milwaukee Ave., effective as of the June board meeting. Pritchard has been with Condell Memorial Hospital since 1975, assuming the title of president in 1977. Prior to this he was vice-president of Highland Park Hospital. In addition to his current appointment, he serves on the boards of MMI Insurance Companies; The Chicago Hospital Council; United Way of Lake County as well as the board of Condell Memorial Hospital. Libertyville National Bank is a member of The Premier Banks, which are headquartered in Libertyville.

## Break Record

A record \$1 billion in sales was recorded by the Century 21 system in northern Illinois for the first five months of 1985, according to figures released by David Arts, vice president of finance for Century 21 Real Estate Corporation of Northern Illinois. Total sales dollars are \$1,053,266,819 through May 1985, up 11 percent over the same period in 1984.

"Total sales dollars for May 1985 were \$244,794,584, an increase of 20.3 percent

over May of last year," Arts said. "The true significance of these figures can only be realized when you consider that last year was a record-breaking year for Century 21," he noted.

The number of properties also showed a substantial gain with 3,391 properties sold in May 1985, a 17.3 percent increase over May of 1984. The number of properties sold for the year through May 1985 totaled 14,717, a 9.5 percent increase over the same period of 1984.

## LAKELAND'S Business Briefs

### Loses Chance

Blue Suede Shoes in Park City has lost out on its chance to be a "location star" in the Dan Ackroyd-produced movie "Date Night."

The location manager said although the Park City tavern is great, it just didn't have high enough ceilings to handle lighting.

"Date Night" location manager Mike Malone said he visited Blue Suede Shoes and "loved it." "Joe Bortz (Blue Suede Shoes owner) was great and it was a great looking place, it really fit the bill, but for purely technical reasons, we just couldn't use it," he said.

Instead of Blue Suede Shoes, Malone said they would shoot the tavern scenes at Carol's on Wells Street in Chicago.

So ends Lake County's chance at another location star. Malone said no other Lake County locations are being used in the movie.

The tavern scenes still remain to be shot, Malone said. The crew has been filming the movie since mid-April, and hopes to wind up in another month.

## Victory Appoints Directors

Victory Memorial Hospital Waukegan has announced the following: Judy Gentry, who has been named assistant director of Community Outreach, Lake Villa

employed by the hospital for six years, she now is at the new Victory Outreach Office, 121 N. Grand Ave., Lake Villa. She is planning to build a skilled nursing home in Lake Villa. Completion is expected by summer 1987.

Barbara J. Bates, CSW, has been the new director of the hospital's social service department since June 3. Most recently, she worked at the Chicago Health Foundation, where she designed, developed and implemented the first transitional shelter in Chicago for the physically handicapped.

She received her master's degree in social work at the University of Illinois and has had more than 11 years of social service work experience in hospitals and social service agencies.

## Bank Office Opens

The First National Bank of Waukegan has opened a full-service temporary office at Rte. 41 and Delany Rd. in Gurnee.

Participating in the traditional ribbon-cutting ceremony were Mayors Robert Sabonjian of Waukegan and Dick Welton of Gurnee.

Construction will soon begin on a permanent office and drive-up banking center.

The expansion into Gurnee is the bank's first office outside of downtown Waukegan. Gurnee was selected because it puts the bank at the threshold of Lake County's growing business and residential area.

In addition to serving hundreds of present and new customers in western Waukegan and Gurnee, the bank anticipates this new office will be a springboard to serving increasing numbers of personal and business banking customers throughout the county.

## Facts You Should Know When Refinancing Home

(Second of two articles on mortgage refinancing.)

The 1.5 million Americans who hold mortgages with rates 15 percent or higher are candidates for refinancing.

However, many of these homeowners are wondering about the costs involved with refinancing and if rates are low enough today to make it pay.

"Refinancing usually makes economic sense if the homeowner plans on staying in the house for at least three years and is able to reduce the mortgage interest rate at least two percentage points," said Warren Lasko, executive Vice President of the Mortgage Bankers Association of America (MBA).

"If the homeowner has an adjustable rate mortgage, he should consider what the expected rate on the ARM will be several years hence when compared to fixed rate mortgages today," he said.

However, refinancing isn't cheap. There are a number of transaction costs that homeowners should be aware of when judging the value of refinancing.

Because the primary purpose of refinancing a home loan is to reduce monthly payments, the cash savings on interest payments must be greater than the transaction costs of the refinance.

## The Meyers Report

Economic forecaster Gary S. Meyers has been a lecturer and consultant to major financial institutions, government analysts, real estate developers and daily newspapers throughout the nation for the past 16 years. Readers are invited to submit comments and questions for possible use as subjects for future columns. Write Gary S. Meyers & Associates, 2200 S. Main St., Suite 106, Lombard, Ill. 60148.

A study by the federal government shows the national average cost of refinancing a typical home is 2.48 percent of the outstanding loan principal. This equates to costs of about \$2,000 or more.

Mortgage experts list below the most common fees charged when refinancing a home:

**\*TITLE SEARCH.** This is the cost of examining public records to confirm ownership of the real estate. Fees usually range from about \$50, and often are negotiable.

**\*TITLE INSURANCE.** This policy protects the homeowner from undiscovered ownership claims to the property. Usually issued by the title insurance company, the policy will cover any loss due to claims arising out of any discrepancies or mistakes made during the search. Cost: about \$400.

**\*CREDIT REPORT.** If you refinance through any lender other than the one who gave you the first mortgage, you will need

fresh credit applications and credit checks. Credit reports today cost about \$20 to \$40. The credit report may be waived if the borrower refinances at the same lending institution used to finance the original mortgage.

**\*BANK ATTORNEY'S REVIEW FEES.** If you do not have your own real estate lawyer, the bank will assign one to handle the closing on the new loan. The bank's attorneys will often charge as much as 0.5 percent of the loan amount. A borrower would probably do better with his own attorney.

**\*POINTS.** A one-time charge, usually called an origination fee, is assessed by the lender when the mortgage is closed. The fee generally ranges between one and three percent of the loan amount.

A lending institution may also charge additional points (discount points) in order to bring the yield on the mortgage up to the yield on other types of competitive investments.

Points are tax deductible. In some cases, a lender will waive or reduce points if a borrower is a good customer.

**\*REAPPRAISAL FEE.** Usually costing \$75 to \$150, the appraisal establishes the market value of the house and thus the limits of what can be borrowed against the house.

**\*PREPAYMENT PENALTY.** Many mortgages have a prepayment penalty. This means that the borrower is responsible for paying a cash penalty for paying off the mortgage early. Usually prepayment penalties apply only for the first five to seven years of a mortgage. About half the states in the U.S. prohibit or restrict prepayment penalties in some way. For example, in Illinois prepayment penalties are unenforceable for mortgages with interest rates in excess of 8.5 percent. Although the practice of charging money for early repayment of an old mortgage varies from state-to-state, the usual calling for the penalty in 1 percent to 2 percent of the outstanding principal.

Prepayment penalties are forbidden on all Federal Housing Administration-insured and Veterans Administration-guaranteed loans.

In addition, there are other closing costs, such as document preparation fees (\$50), notary fees (\$3), recording fees (\$20), and recording taxes (\$50-350).

Before you refinance, it's a good idea to compute how long will it take to recoup these expenses. Figure out what you could have earned over the same period of time if the cash used for closing costs had been invested elsewhere.

**THE WEEK AT A GLANCE:** Nationwide, the average interest rates on conventional 30 year mortgages with 20 percent down payments declined slightly to 12.10 percent from 12.27 percent a week earlier. The prime rate fell last week to 9.50 percent.

This week 36-month new car loans averaged 13.76 percent at financial institutions across the country, while rates on 48-month auto loans averaged 13.37 percent.

## Main Source Is 'Mouth'

Word of mouth provided more referrals and recommendations for home sales in the Chicago area during 1984 than any other source, according to a survey undertaken by Baird & Warner's residential sales division.

"Suggestions, recommendations, referrals and word of mouth comprise the most significant source of home business," said Robert Walters, senior vice president of Baird & Warner, general manager of the

30-year-old company, the area's leading full-service real estate organizations with 31 city and suburban sales offices, earned more than \$662 million in residential sales in 1984.

Referrals and recommendations, along with personal contacts, proved to be three times as effective in selling homes as 'For Sale' signs and newspaper advertising last year," Walters

an analysis of the 6,029 residential transactions generated by 500 sales staff in Baird & Warner's offices in 1984 showed that 65 percent of buyers and 68 percent of sellers chose the company for aid in buying or selling a home because of a personal acquaintance with a salesperson or because of a referral from a friend or another broker.

Property signs, advertisements and other promotional methods attracted 35 percent of the buyers and 18 percent of the sellers for the same 12 months.

Walters noted that a professional salesperson who has community ties and cultivates good relationships with former clients and associates generated almost four buyers and nearly 50 sellers for every one attracted by posting a 'For

Sale' sign or by running some type of ad.

A closer look showed that results indicate that 47 percent of buyers and 61 percent of sellers engaged Baird & Warner in 1984 because they were former clients, personal friends of a salesperson, or consulted a professional on the basis of a referral by a former client or friend.

Another 17 percent of buyers and 21 percent of sellers were referred largely by salespeople in other offices, by the company's local referral service, by out-of-town real estate brokers through Baird & Warner's affiliation with Equi-Net, a national referral and relocation network, or by company staff other than salespeople.

Some 17 percent of buyers and 3 percent of sellers said they chose Baird & Warner to represent them because of classified or display advertising or property signs. And 19 percent of the buyers and 15 percent of the sellers used the real estate organization as a result of promotional activities, such as publicity or open houses.

"Our statistics show that one-to-one communication is a major asset in real estate," Walters noted, concluding: "It's that personal contact that sell homes."

## Golf Course Developer Has High Aspirations

by DONNA DUNCAN

The man in charge of putting together the Pine Meadow Golf Course in Mundelein has high aspirations that it can be one of the better public courses around.

Frank Jemsek, who is working on getting the course open by August 1, hopes that the weather conditions will help with his goal. They have not cooperated so far as the original target date to open was in the spring. Once it is open, Jemsek, the president of the Jemsek Corporation, said that it should do well.

"We think we'll have one of the best (public courses) anywhere," he said.

One of the advantages of the course is the large space of property and the many trees, Jemsek explained. He said one of the assets will be a practice facility which will have a grass tee the size of a football field and four target greens. Also, there is room for another practice tee that would be twice the size of the first practice tee, he added.

The course is being redesigned into a public course, complete with practice ranges.

"We could use nice, gentle rain, which would help us out a lot," Jemsek said. "We're trying to get grass to fill in

and spots are being reseeded."

The 18-hole course was built in 1929 by William Flynn, who also built Cherry Hill, the 1985 PGA Championship course in Bedford, Colo. and redesigned the Shinney Cog Hill Course, the place of the 1986 PGA Championships in Long Island, N.Y.

In the past, the course has been used only rarely in recent years by seminary faculty, students and graduates.

The course will be a par 72 or 71, depending on one hole and whether it will be a par 4 or par 5.

Jemsek said that the redesigning of the course "was not that much work" because of the original quality design.

Other work to be done on the course is the plumbing and electricity in the clubhouse.

White silica sand was just unloaded at the site the week of June 10.

Jemsek, whose family has developed well-known champion level public golf courses throughout the state, said he hopes to have the Golf Digest magazine hold a school at the course like the one at Cog Hill.

Although the course is not

yet in operation, the plans for the operation are set.

The measurement of the tees are: short tees, 5,162 yards; medium tees, 6,161 yards; blue tees, 6,853 yards and championship tees are 7,105 yards.

To maintain a smooth flow of people on the course, a system has been established, called the "Keep Pace Policy."

## Loffredo Replaces Siatta

Fred Loffredo will serve as the new head football coach at Wauconda High School. Loffredo, the school's guidance director, will take the place of Len Siatta who resigned from the post earlier in the year.

Officials at Wauconda High also announced that they are looking for more assistant coaches for Bulldog football.

In related news, officials at Mundelein High School have announced that there is an opening for the position of head wrestling coach. Don Miller, the Mustang's previous coach resigned at the end of the past season.

## Man Spreads His Wings In Bird Business

by CHARLENE WHITNEY

Ed Rymut, of Wauconda, has a favorite hobby and business that deals with all kinds of birds. He has turkeys, chickens, five different kinds of geese and fourteen kinds of ducks.

All of these birds must be raised so differently. As I talked with this interesting man, I could tell that he knew just what bird needed what, along with all their types of handling, food, habitat and virtually everything else about them.

hatch and some buy the birds for meat. Rymut will only sell a limited number of birds for pets as many end up in the animal shelter.

He says about 6,000 birds hatch each week and that one incubator will hatch 3,000 eggs. However, if it is not set up just right and watched, the birds could be crippled.

Geese will have between 35 to 40 eggs in a season. This starts about the end of February and ends in mid-June.

Rymut started breeding birds in a hatchery about nine years ago in Fort Atkinson, Wis. just 60 miles away. He still has most of his birds up there but does bring some of the young ones back to his home in Wauconda to sell.

Many of his birds and/or eggs are sold to schools for the science classes and the children watch them hatch.

People in the area also buy ducks for their ponds. Some people buy eggs to have them

## Pet-Wise

Ducks will have about 150 babies a season, beginning in February and ending in July. This comes to nearly one a day. On the other hand, turkeys lay about 90 eggs a season, from February to August.

This can all add up to a lot of birds. Chickens have them all year long. So, to feed them all, 90 acres are used to raise grain and 10 acres are used to house the birds.

In the fall, all the birds are sold except the breeders. In January, the work starts again of making sure that each kind and each breed is put in their own places.

In talking with this man, it is plain that Rymut not only knows his birds and his business but that he loves working with these beautiful animals. Anyone who is interested, can give Rymut a call at (312) 528-5135. Perhaps you have a pond that would be even nicer with a few ducks or maybe you just have a questions about birds. This is the man who has the answers.

## Name Finalists For Special Recreation

Finalists for the 1985 National Gold Medal and Special Recreation Awards programs were announced by The Sports Foundation, Inc.

Northern Illinois Special Recreational Association (NISRA) has been chosen as one of four finalists in the area of Special Recreation for the handicapped. The other three communities are Santa Barbara, Calif. Recreation Department; Arlington, Va., Recreation Division; and Special Olympics and Recreation of Bloomington, Ill.

This award is presented annually to a community within the United States for excellence in park and recreation administration and for outstanding service to the handicapped, in cooperation with the National Sporting Goods Association (NSGA) and the National Recreation and

Parks Association (NRPA). The Grand Award winner will be selected based upon improvement, service, continuing development, extent of future planning and degree of participant involvement and acceptance by the community. The winner will be announced and honored at the NRPA Congress to be held in October in Dallas, Texas.

Northern Illinois Special Recreational Association (NISRA) is an extension of the following: Barington Park District, Cary Park District, Crystal Lake Park District, City of Harvard, Marengo Park District, Wauconda Park District and the City of Woodstock. Recreation and leisure ac-

tivities are provided for children and adults with special needs. NISRA currently offers over 300 different programs throughout the year.

NISRA was nominated for the national award by Art Jordan of All American Sports center in Crystal Lake. Once nominated an application had to be submitted by NISRA. Applications were reviewed by a national board of judges. Four applicants were chosen to be national finalists. NISRA now has until July 8th to submit a slide-tape show. The following individuals are serving on the slide program committee: Bill Laskey, Sue Furey, Caroline Kelling, Bill Kaliher and Tim Furey.

## Many Area Students Win Bristol Oaks Tourney

Winners of the Bristol Oaks Junior Championship tournament are:

15 Year Old Division: 123, Connie Keller, Central; 124, Lynn Keller, Central and 126, Mike Keller, Central.

14 Year Old Division: 77, Don Sheen, Wilmot; 77, Mike Sheen, Cudahy; 79, Jeff Elkhorn; 80, Guy Elkhorn; 80, Charlie Elkhorn; 84, Jeff Elkhorn; 87, Lee Elkhorn; 88, Tom Elkhorn; 88, Earl Elkhorn; 88, Brad Elkhorn; 89, Mike Elkhorn; 91, Matt Elkhorn; 91, Mark Elkhorn; 94, Pat Elkhorn; 106, Scott Elkhorn; Central and Dave Elkhorn.

13 Year Old Division: 78, Eric Slaasted, Park; 78, Dan Adams, Antioch; 78, Mike Weipert, Tremper; 79, Steve Loomis, Milton; 81, Greg Czarniecki, St. Josephs; 85, Mark Dahlstrom, Burlington; 86, Bob Hall, Central; 86, Dave Becker, Milton; 86, Jeff Hoeg, Zion; 88, Pat Pedro, Elkhorn; 88, Pete Christian, Case; 89, Kurt Kramer, Union Grove; 91, Pete Leach, Tremper; 91, Steve Schwab, Bradford; 92, Shawn Hansen, Park; 93, Jeff Hansen, Central; 94, Todd Hansen, Central; 96, Larry Johnson, Tremper; 98, Gannon Holt, Central; 101, Bruce Earnest, Zion; 104, Jon Goldworthy, Horlick; 106, Dave Baker, Antioch and 107, Erik Hansen, Tremper.

15 Year Old Division: 80, Troy Reynolds, Union Grove; 86, Noel Zimmerman, Badger; 87, Andy Vegter, Delavan; 91, Todd Wilks, Union Grove; 93, John Berstead; 97, Greg Smith, Wilmot; 102, Keith Stanwyck, Central; 104, Chris Tennyson, Zion; 100, Nate Zimmerman, Badger; 113, Mike Wisniewski, Central; 118, Matt Stoesser, Central and 120, Randy Norris, Zion.

14-Under Division: 84, Chris Neiger, Delavan; 87, John Staehler, Case; 88, Andy Adamson, St. Josephs; 92, Scott Frasch, Antioch; 94, Jerry Smessaert, Tosa East; 95, Joe Dahlstrom, Burlington; 98, Dan Kramer, Union Grove; 101, Chad Nicpon, Faith Lutheran; 101, Chris Kalberg, St. Josephs; 102, Damon Holt, Central; 104, Mike Guske, Badger; 123, Brian Hackeloer, Salem Grade and 126, Tony Catelino, McKinley Jr.

Don Sheen, playing for Edison Junior College, captured the Bristol Oaks Junior Championship. Sheen played the front nine two over par and the back nine even.

Sheen had birdies on the par 4-3rd, and the par 4-17th. His only bogeys came on the par 3-6th, par 3-8th, par 4-9th and the par 3-13th.

His closest competition came from Joe Stadler of Cudahy, a former champion who shot a 77, but Stadler was really out of it when he tallied a 41 on the front which he combined with an even

par 36 on the back.

The 16-year-old division ended in a three way tie at 78. Mike Weipert of Tremper was the leader after nine holes with a one over 37, but he skied to a 41 on the back and allowed Don Adams of Antioch, who fired the only sub-par nine, a 35, on the back to pull even.

Eric Slaasted of Park combined nines of 40 and 38 to also tie for the lead. Slaasted and Adams survived the first hole of sudden-death and then Slaasted eliminated Adams on the second hole to take the title.

Troy McReynolds of Union Grove shot nines of 39-41 to win by six shots over Noel Zimmerman of Badger. He became the 15-year-old champion.

Chris Neiger of Delavan had nines of 42-42 to win the 14 and under division. His closest competition came from John Staehler of Case (87) and Andy Adamson of St. Joseph's (88).

Connie Leach of Central edged two of her teammates in a close girls' competition. Lynn Ludas led after nine holes with a 59. After the 11th hole Shawn Keller had a two shot lead which she held until through the 15th when Ludas recaptured the lead by two shots. Standing on the 17th tee Leach was five shots behind Ludas and three behind Keller, but her six on the 17th and her seven on 18 proved to be enough to pass her faltering opponents.

## Two-Handed Backhand Is A Powerful Weapon

by CELESTE PREGRACKE  
USPTA

The two-handed backhand is like a security blanket for some. For others it is a powerful weapon.

I suggest trying a one-handed backhand first. I have found that it takes most players a little longer to learn this way, but if you have the strength then go with it.

The two-handed will help you if you have a

weak grip or if you lack arm strength. You can keep two hands on the racket from the start of the swing to its completion or you can drop the extra hand anywhere along the way.

Remember that despite two hands, nothing else changes. You still change your grip, take the racket back, lean, rotate the upper body and follow through high.

## Tennis Tips

You must be aware that while the two hands give you strength it will also make you vulnerable.

The greatest vulnerability lies with wide balls. Wide balls mean that you must be faster to get there and still hit with two hands or you must be able to reach and still get strength off one hand.

You must be quick on your feet to pull away from balls hit at you and still be able to drive with two hands, otherwise your return will be weak.

## Prep Cagers Keep Sharp In Fast Summer Leagues

For serious prep basketball players, summer is no vacation.

That's the time to sharpen skills and gain experience in camps and summer leagues.

Besides attending local camps where available and participating in live-in camps sponsored by colleges and universities, approximately 200 high school players from sophomore through varsity level are taking part in the Stevenson High School Summer Basketball League.

Lakeland area schools involved include Warren, Carmel and Lake Zurich.

Other schools are New Trier, Lake Forest, Wheeling, Zion, Deerfield, Barrington and the host school.

Players are on their own because coaching is prohibited. Games are played with a "running clock" with only one time out permitted per half. Players are permitted to substitute themselves after a basket is made. Both baskets and free throws are worth a point each.

Stevenson High School coaches serve as referees.

There is only one referee for each of the six games played in two gyms Tuesday, Wednesday and Thursday evenings.

Games develop a fast pace with a wide-open style permitted.

Coaches regard the league, and others like it, as an excellent opportunity for players to improve and test themselves against players from schools they won't face in regular season play.

## Mundelein Group Tries For National Title

G. O'SHEA

A group of nine Mundelein between the ages of 19 will be trying to bridge the gap between park play and a national tournament when it enters the AAU-USA Junior Olympics Volleyball Meet this weekend.

The group calls itself The Mundelein System. It discovered the boys volleyball in the Mundelein Dist. men's and coed volleyball during the winter months they were the top team for the tournament," said System head Phil Mazur.

Asked them if they were interested (in the national tournament) and they wanted to go for it," he said.

Mazur has directed the team for four weeks, helping them get organized and teaching them the correct way of playing volleyball.

Volleyball is an organized sport in high school, but only for girls. It is taught in physical education and some members of the team did intramural volleyball in high school.

The team members, all from Mundelein, are Terry C. Sam Ford, Fred Anderson, Chris Klein, Ken Miller, Mike Lucas, Pete Rumpel and Greg Tonkery. Five of the boys are 19 years old, one is 18 and three are 17 years

Mazur commented that The System has been playing area all-star teams in practice for the tournament. The 12th annual National AAU-USA Junior Olympics Volleyball Championships will take place at Illinois Benedictine College in Lisle beginning Saturday, June 29 and ending Tuesday, July 2. It is the world's largest junior volleyball tournament.

The System will be one of 220 teams competing in four different age groups for boys and girls. They will be in the senior division and would need to defeat 20 teams to win the national championship, Mazur said.

Scott Gaylor of Ingleside is the assistant coach of the Mundelein team. The System is sponsored by North Shore Realty, The Frigate of Ingleside, Thomas Prin-

ling and Bill's Pizza and Pub.

Mazur, a real estate broker from Libertyville, has been a part of the Junior Olympics program as a member and as chairman of the All-American Selection committee since 1977. He was recently given the 1984 AAU National Coordinators Award for his continued leadership and support of AAU-USA Junior Olympics volleyball. In 1982 he was given the AAU Certificate of Achievement.

## LEGAL ORDINANCE NO. 84-9

WHEREAS, the State of Illinois has enacted "An Act regulating wages of laborers, mechanics and other workmen employed in any public works by the State, County, City or any public body of any political subdivision or by any one under contract for public works," approved June 26, 1941, as amended, being Section 39a-1 through 39s-12, Chapter 48, Illinois Revised Statutes, 1973, and

WHEREAS, the aforesaid Act required that the Round Lake Area Park District of the County of Lake investigate and ascertain the prevailing rate of Wages as defined in said Act for laborers, mechanics, and other workmen in the locality of the County of Lake employed in performing construction of public works, for said Round Lake Area Park District exclusive of maintenance work.

NOW THEREFORE, BE IT ORDAINED BY THE PRESIDENT AND BOARD OF COMMISSIONERS OF THE ROUND LAKE AREA PARK DISTRICT:

**SECTION 1:** To the extent and as required by "An Act regulating wages of laborers, mechanics and other workmen employed in any public works by the State, County, City or any public body of any political subdivision or by any one under contract for public works," approved June 26, 1941, as amended, the general prevailing rate of wages in this locality for laborers, mechanics and other workmen engaged in the construction of public works coming under the jurisdiction of this Park District is hereby ascertained to be the same as the prevailing rate of wages for construction work in Lake County area as determined by the Department of Labor of the State of Illinois as of June, 1985, a copy of that determination being attached hereto and incorporated

herein by reference. The definition of any terms appearing in this Ordinance which are also used in aforesaid Act shall be the same as in said Act.

**SECTION 2:** Nothing herein contained shall be construed to apply said general prevailing rate of wages as herein ascertained to any work or employment except public works construction of this Park District to the extent required by the aforesaid Act.

**SECTION 3:** The Round Lake Area Park District Secretary shall publicly post or keep available for inspection by any interested party in the main office of this Park District this determination of such prevailing rate of wage.

**SECTION 4:** The Round Lake Area Park District Secretary shall mail a copy of this determination to any employer, and to any association of employers and to any person or association of employees who have filed, or file their names and addresses requesting copies of any determination stating the particular rates and the particular class of workmen whose wages will be affected by such rates.

**SECTION 5:** The Round Lake Area Park District Secretary shall promptly file a certified copy of this Ordinance with both the Secretary of the State and the Department of Labor of the State of Illinois.

**SECTION 6:** The Round Lake Area Park District Secretary shall cause to be published in a newspaper of general circulation within the area a copy of this Ordinance, and such publication shall constitute notice that the determination is effective and that this is the determination of this public body.

PASSED this 13th day of June, 1985.

Burial was at Wood National Cemetery in Wisconsin.

## To Be Missed

One of Antioch's outstanding educators will be sorely missed after a long bout with cancer took his life earlier this month.

Warren Polley, 63, died on June 18 at Victory Memorial Hospital in Waukegan after he was admitted on June 11. The Antioch Community High School Supt. was diagnosed in August 1984 as having cancer of the colon but continued to stay active in ACHS affairs.

He began his teaching tenure at Antioch Township High School in 1948 and served as teacher, coach and asst. supt. before becoming the superintendent in 1972, serving 13 years in that position.

He was honored by his peers, present and former students and the community at a testimonial reception at the high school this past month.

He was a member and past board member of the United Methodist Church of Antioch; past president of the Superintendents Round Table of Northern Illinois; past president of the Chicago Area Business Teachers Assn.; and numerous other professional organizations.

Warren Polley

Survivors include his wife, Mary; two daughters, Janet (Joseph) Kennedy of Minneapolis, Minn. and Susan (Randolph) Burge of Sherman, Ill.; two sons, W. Michael (Monica) Polley of Park Ridge, Ill. and James (Judy) Polley of Milwaukee, Wis.; one brother; and seven grandchildren.

Interment was at Hillside Cemetery in Antioch. Friends desiring may make contributions to the Scholarship Fund at Antioch Community High School, the United Methodist Church of Antioch or the American Cancer Society in his memory.

# LIBERTY AND JUSTICE FOR ALL

Freedom. We cherish it, as we celebrate another milestone year in our nation's great history, for the democratic ideals set forth in our founding doctrines still prevail today. We can recite these words from our Pledge of Allegiance proudly, knowing that in America, freedom is more than a word, it's a way of life.

## NEXT WEEK'S HOROSCOPE

**Aries (Mar. 21-Apr. 19)** Headstrong moves are not advisable at this time. Appearances are deceiving and what you are offered may not be what you get. Scratch any tendency to make rash promises.

**Taurus (Apr. 20-May 20)** Celestial influences favor the formation of new relationships. Move into different areas as they open up for you. Be receptive to new and important information as well.

**Gemini (May 21-June 20)** The delay you are about to encounter may seem like an irritant, but you soon see how well it works in your favor. You can also expect to hear from a long-absent friend.

**Cancer (June 21-Jul. 20)** Anxious about finally taking the initiative? Don't be. Signs favor bolder action now. If you're prepared to move, do it. Your example helps others make important decisions.

**Leo (Jul. 21-Aug. 22)** Short-term relationships offer lots of glitter and little more. That's okay if that's what you want for now. Expect to strike a solid gold commitment later on. Be patient.

**Virgo (Aug. 23-Sept. 22)** Independent action is advised at this time. Once you know all the facts surrounding your intended moves, move forward. Others mean well, but they may impede progress.

**Libra (Sept. 23-Oct. 22)** Creative aspects are high. Consider doing something you have put off because you felt inadequate. Whatever you don't know, you can learn. Excitement surrounds you.

**Scorpio (Oct. 23-Nov. 21)** Care, caution and consideration mark the "C's" on which you sail towards success. Those in a position to promote you will be impressed by your attention to details.

**Sagittarius (Nov. 22-Dec. 21)** Domestic squabbles could impede your professional goals. Enlisting the aid of kin in your behalf could change things around. Expect most to agree to help.

**Capricorn (Dec. 22-Jan. 19)** You'll be the one who will have to set up the arrangements for an important event. Though your skills help cut much of the work in half, much more remains to be done.

**Aquarius (Jan. 20-Feb. 18)** Forgiveness has always been your style. Why change now? Ignore those who tell you to nurse your anger. Your pain eases as you learn to overcome your resentment.

**Pisces (Feb. 19-Mar. 20)** Your instincts are right in making you a bit anxious about those unknown prospects. Advice? Take more time. "Wade a minute" or so before plunging into uncharted depths. © 1985, The McNaught Syndicate, Inc.

### LEGAL STATE OF ILLINOIS COUNTY OF LAKE, IN THE CIRCUIT COURT FOR THE 19TH JUDICIAL CIRCUIT, LAKE COUNTY, ILLINOIS.

Federal National Mortgage Association, a corporation, Plaintiff,

vs. Jeffrey F. Ranieri, et al., Defendants. No.: 85 CH-72.

The requisite affidavit for publication having been filed, notice is hereby given you, Jeffrey F. Ranieri, Deborah L. Ranieri and Covered Bridge Townhouse Association, defendant(s) in the above entitled suit, that the said suit has been commenced in the Circuit Court of Lake County, Chancery Division, by the said plaintiff against you and other defendants, praying for the foreclosure of a certain (Mortgage) conveying the premises described as follows, to-wit:

PARCEL 1: Unit U-348 in Heatheridge Part of Neighborhood No. 3, Phase 1, being a Subdivision in Section 28, Township 45 North, Range 11, East of the Third Principal Meridian, according to the Plat thereof recorded April 26, 1978, as Document 1912812, in Lake County, Illinois. PARCEL 2: Non-Exclusive Perpetual Easement for the benefit of PARCEL 1 for Ingress and Egress to public streets and roads over and across the common areas, as created by the Umbrella Declaration, recorded June 25, 1975, as Document 1714903, as amended from time to time, commonly known as: 907 Clark Drive, Gurnee, Illinois 60031.

and which said (Mortgage) was made by Jeffrey F. Ranieri and Deborah L. Ranieri, Mortgagors, to Franklin Savings Association, as (Mortgagee), and recorded in the office of the Recorder of Deeds of Lake County, Illinois, as document number 2059042, and for other relief; that summons was duly issued out of said Court against you as provided by law, and that the said suit is now pending.

Now, therefore, unless you, the said above named defendant(s), file your answer to the Complaint in the said suit or otherwise make your appearance therein, in the office of the Clerk of the Circuit Court of Lake County, in the Lake County Courthouse, Waukegan, Illinois, on or before the 29th day of July, 1985, default may be entered against you at any time after that day and a Judgment entered in accordance with the prayer of said Complaint. Dated, Waukegan, Illinois, June 27th, 1985. Sally D. Coffelt, Clerk

Kropik, Papuga & Shaw, Attorney(s) for Plaintiff. Mailing: Jeffrey F. Ranieri and Deborah L. Ranieri 907 Clark Drive, Gurnee, IL 60031

### GURNEE ZONING NOTICE

PUBLIC NOTICE is hereby given to all persons in the Village of Gurnee, Lake County, Illinois, that a public hearing will be held in the Gurnee Municipal Building, 4573 Grand Avenue, Gurnee, Illinois, on July 17, 1985, at 7:30 P.M., on the petition of Mark Jackson to amend or change the terms of the Gurnee Zoning Ordinance No. 80-29, by amendment, so as to reclassify certain real estate described as follows, to-wit:

**LEGAL DESCRIPTION**  
The N 28 Rods of the S 68 Rods (Measured at Rt Angles to the S Line) of all that Part of the NE 1/4 of Sec 22, T45N, R11, E of the 3rd PM, Lying Easterly of the Center Line of State Rt 63 and

Westerly of a Line Drawn Parallel with the Westerly R.O.W. Line of the Com Ed Co (As in Existed 8/1/60) and 60' N Westerly therefrom (Measured at Rt Angles thereto) in Lake County, IL AND the N 22 Rods of the S 40 Rods (Measured at Rt Angles to the S Line) of all that Part of the NE 1/4 of Sec 22 T45N, Range 11, E of the 3rd PM, Lying Easterly of the Center Line of State Rt 63 and Westerly of the Westerly R.O.W. Line of the Com Ed Co, in Lake County, IL.

from a R-2, single family residential, district to a planned unit development with underlying zoning of C/B-2, community business (9 acres), and R-6, multi-family (3 acres).

Said property is located

on the east side of Rt. 21, immediately across from the service entrance to Six Flags Great America.

Said petition and request are on file and available for examination in the office of the Zoning Administrator at the Gurnee Municipal Building, 4573 Grand Avenue, Gurnee, Illinois. All persons interested are invited to attend said hearing and be heard.
